

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of a mobile phone, including the battery, circuit board, and camera module, placed next to a ruler for scale. The battery is labeled "LIFEPHONE" and "Li-ion Polymer Battery". The circuit board is green and populated with various components. The camera module is visible on the right side. The ruler shows measurements in millimeters and centimeters.
Solder Board-Component View 1	 A photograph showing a solder board component, likely a camera module, placed next to a ruler for scale. The component is green and populated with various components. The ruler shows measurements in millimeters and centimeters.

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, identified as 'Solder Board-Component View 2'. The component is rectangular with various electronic components, including a large silver-colored integrated circuit (IC) in the center, several smaller surface-mount components, and a gold-plated connector on the right side. It is placed on a blue textured surface next to a black L-shaped ruler for scale. The ruler has white markings in millimeters and centimeters.
Solder Board-Component View 3	 A photograph of the same green PCB component, identified as 'Solder Board-Component View 3'. This view shows the component from a different angle, highlighting the gold-plated connector on the left side and the arrangement of surface-mount components. It is placed on the same blue textured surface next to the same black L-shaped ruler for scale.

Solder Board-Component View 4	
Solder Board-Component View 5	

Solder Board-Component View 6	 A photograph of a green printed circuit board (PCB) with various electronic components soldered onto it. The board is irregularly shaped with several cutouts. A black ruler with white markings is placed vertically to the left of the board, showing measurements from 0 to 70 mm. The board is resting on a blue textured surface.
Antenna View	Div Ant. WIFI/BT/GPS Ant  A photograph of the back of a smartphone chassis, showing the internal antenna layout. Three specific areas are highlighted with red boxes and labeled: 'Div Ant.' at the top left, 'WIFI/BT/GPS Ant' at the top right, and 'GSM/WCDMA /LTE Main Ant.' at the bottom. The chassis is black and the background is blue. GSM/WCDMA /LTE Main Ant.
