

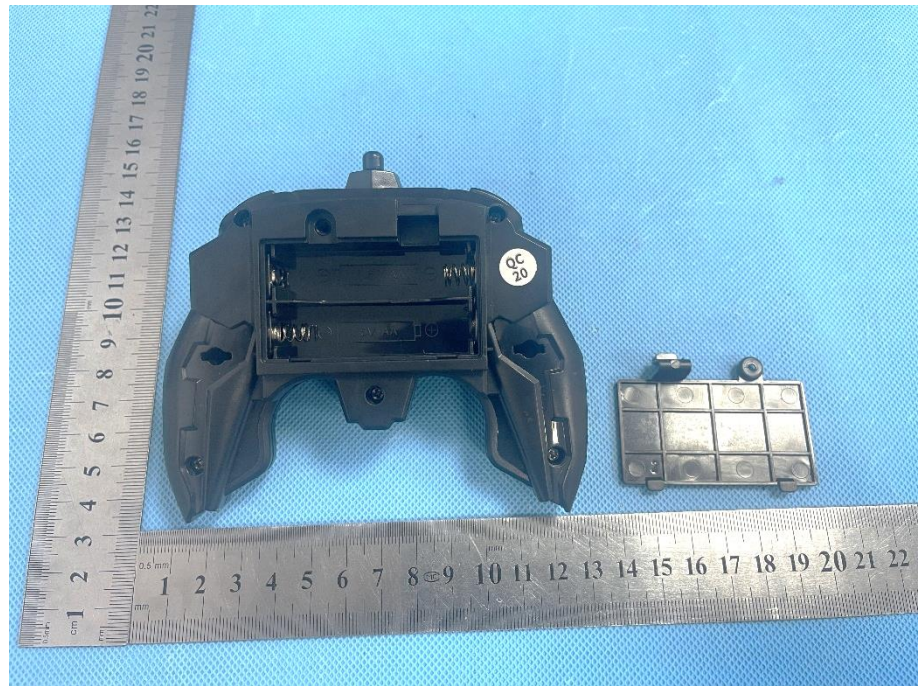

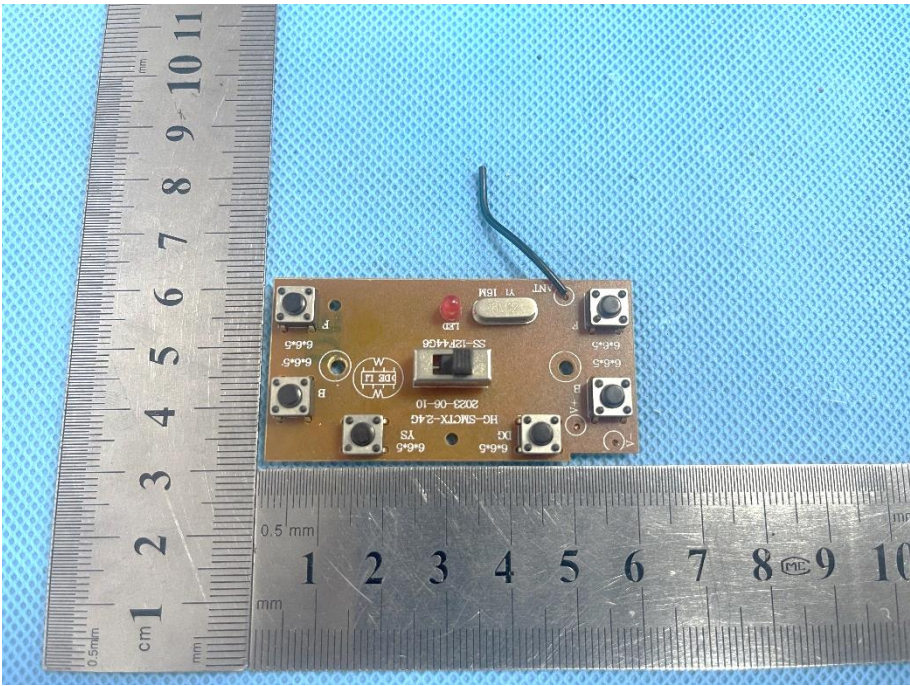

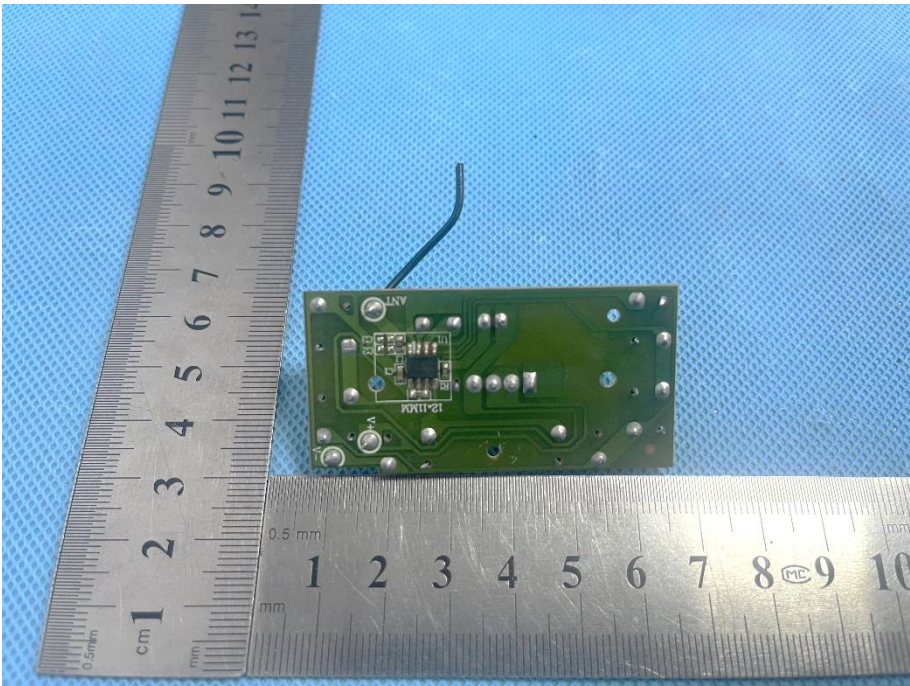

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph showing the solder side of a small, rectangular printed circuit board (PCB) component. The board is brown and populated with various electronic components, including a central integrated circuit (IC) labeled 'SS-12F44G08', several surface-mount capacitors, and a red LED. A thin, curved wire is attached to the top of the board. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters, with the component spanning approximately 4 cm in length.
Solder Board-Component View 2	 A photograph showing the component side of the same PCB component. The board is green and features a central IC labeled '12-11M4', several surface-mount capacitors, and a red LED. A thin, curved wire is attached to the top of the board. The component is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters, with the component spanning approximately 4 cm in length.
