htc
Wireless Earphones N90

Product Specifications
model: N90-N90

Bluetooth
Range: ~10 m
Version: 5.0

Speaker
Diameter: 6 mm
Impedance: 16 Ω

Earphone power
Input: 5 V=10 mA
Battery capacity: 15 mAh
Battery life: ~4.5 hrs
Charging time: ~1.5 hrs

Charging case power
Input: 5 V=400 mA
Output: 5 V=10 mA
Battery capacity: 450 mAh
Charging time: ~1.5 hrs
Earphone recharge: 1 charge (when case is fully charged)

What's in the box

Charging case
2 Earphones
Quick Start Guide
USB-C cable
4 Ear cap
Lanyard

Components

Earphone LED
Touchpad
Charging case LED
Charging case touchpad
Charging case speaker

Take out and pair the earphones

If you utilize the earphones for the first time, open the lid of the charging case. The LED on one earphone will flash white, indicating that they are in pairing mode.

How to put on the earphones

Power on and off

Power on
Opening the charging case will automatically turn on the earphones.
To manually turn on each earphone, press and hold the touchpad for three seconds.

Power off
Closing the earphones to the charging case and closing the case will automatically turn them off.
If the earphones are not connected to your phone, you can manually turn them off by pressing and holding each touchpad for five seconds.

Notes
If the earphones have not been paired with each other, they will automatically enter pairing mode when turned on. You'll hear two beeps when pairing is successful.
If the earphones have been paired before, they will automatically reconnect to each other when turned on. You'll hear a beep when they reconnect.
