

G936

Instruction manual

3 in 1 Magnetic Wireless Charger

Wireless Charging Guide

Please use the Type-C port Adapter.

Charging with Cases

1. Introduction:

- ❶ Magnetic Wireless charging area for Mobile phone.
- ❷ Wireless charging base for Bluetooth earbuds.
- ❸ Wireless charging area for iWatch.
- ❹ Operating indicator light.
- ❺ USB Type-C Female Connector.

2. Operation instructions:

2.1 Put the mobile phone upright in the magnetic wireless charging zone , the "Operating Indicator light" on the phone's display will confirm that it is charging correctly.

Remark: Only for Apple magsafe and cases with magnets.

2.2 Charging the iWatch: Place the iWatch on the designated wireless charging area and align it with the magnets. The "Charging Indicator light" on the iWatch will illuminate, confirming that it is charging correctly.

2.3 Charging for AirPods: Place the earbuds flat on the wireless charging pad. Ensure that the charging indicator on the Bluetooth headset illuminates, signifying normal charging.

2.4 This product requires a 9V==2A adapter for power, which should be connected to the Type-C port. When the power indicator at the bottom is lit, it indicates that the power supply is connected properly.

2.5 The Blue light flashes 3 times and then off after connected the power supply. The light will keep on 30 seconds when charging,then off. If there is a charging fault, the indicator light will flash.
