Mini Bluetooth Speaker

S147

FCCID: 2BK3OATTS147
IC: 28743-S147

Package contents

1 x mini
bluetooth speaker

1 x USB-C
to USB-C cable

1 x
user manual

Product features

1. Bluetooth playback
2. FM radio
3. AUX input
4. TF card slot

Specifications

Maximum output power: 5 W
Rated voltage: 5 V
Built-in lithium battery: 14,500/500 mAh
Bluetooth frequency: 2402 MHz–2480 MHz
Charging voltage: DC 5 V 1 A

Functional operation diagram and instructions

Button description

- 1 On/Off button: Long press to turn on/off, short press to pause.
- 2 - button: When playing music, short press to switch to the previous song, long press to reduce volume.
- 3 + button: When playing music, short press to switch to the next song, long press to increase volume.
- 4 M button: Function switch.

FM radio mode: Press the on/off button to automatically search for radio stations, use +/- to switch stations, long press +/- to increase or decrease volume.

TWS Bluetooth mode:
Find the Bluetooth name "ATT_LINK_D1" or "ATT_LINK_D2" in the search list to connect it to your mobile device or other Bluetooth-enabled devices. Long press the M button to connect two devices in pairs.

When making a call: Press the power button to answer the call. Press the power button to hang up the call. Long press the power button to decline the call.

Attention

1. Store and use this product in a normal temperature environment.
2. Do not disassemble, repair, or modify this product yourself.
3. Do not expose this product to rain or humid environments.
4. The product comes with a built-in lithium battery. To avoid danger, do not toss into a fire.

AT&T One-Year Limited Warranty

What is covered: AT&T warrants to the first retail purchaser of this wireless accessory that should this product or any part be proved defective in materials or workmanship, from the date of proof of purchase for a period of one year, then it will be subject to the terms of this one-year limited warranty. Such defects will be replaced or have a credit issued at the option of AT&T, without charge for parts or labor directly related to the defect. Proof of purchase required. Limitations and exclusions: This warranty does not apply to any cost incurred for removal or re-installation, or to any product or part thereof which has suffered through normal wear and tear, alteration, improper installation, physical abuse, misuse, neglect, or accident. Nor does it cover defects caused by shipment to an AT&T service center, or repair, or service of the product by anyone other than an AT&T service center. Damage resulting from an act of God, including but not limited to fire, flood, earthquake, and other natural disasters will be excluded. This limited warranty is in lieu of all other warranties, express or implied either in fact or by operations of law, statutory, or otherwise, including, but not limited to any implied warranty of merchantability or fitness for a particular use. AT&T does not authorize any other person to assume any liability beyond the warranty herein described. In no event, whether based in contract or tort shall AT&T be liable for incidental, consequential, indirect, special, or punitive damages of any kind from the use of this product, including interrupted or incomplete phone calls or arising out of any breach of this warranty. In no event shall AT&T be liable for damage in excess of the purchase price. AT&T and the AT&T logo are trademarks of AT&T Intellectual Property. Other manufacturer warranties may apply.

This device complies with Part 15 of the FCC Rules and contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSSI(s). Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Cet appareil contient des émetteurs / récepteurs exempts de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes : (1) Cet appareil ne doit pas causer d'interférences. (2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.
