

Product Label Warning Statement

Product Name: Thermal Label Printer

Trade Name: N/A

Model Name: JD-668BT

Family Model: JD-668Pro, JD-668Max

Difference declaration:

Due to label size limitations and aesthetic design considerations, the warning statement is not placed on the product itself but is included in the instruction manual; specifically, it appears on page 33, as shown in the figure below:

FCC Caution:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Regards,
