Photo 7

A photograph showing two views of a small, black, rectangular electronic device. The device is placed on a blue textured surface. To its left is a yellow ruler with black markings, showing a scale from 0 to 10 centimeters. Below the device is another yellow ruler, showing a scale from 0 to 10 centimeters. The top view of the device reveals a complex internal circuit board with various components, including a central microchip, resistors, and capacitors. The bottom view shows the device's exterior, which appears to be a solid black plastic casing with a circular feature in the center.
