

Dear User,
Thank you for purchasing Planet Buddies' Pepper the Penguin Wireless speaker. Before using it, please carefully read the information in this product manual and keep it in a safe place for future reference.

1. Bluetooth 5.0 compatible with iOS and Android
2. Up to 4-hour total playtime (60-day standby time)
3. Full-range sound system with 3w output power
4. Built-in microphone
5. Multispeaker pairing for full surround-sound effect

1. Built-in rechargeable 400mAh Li-on battery
2. Output Power: 3W (RMS, THD=10%)
3. Power Input: USB DC 5V
4. Bluetooth Version: 5.0
5. Driver Unit: 40mm **4Ω**
6. Frequency Response: 100Hz-20K Hz
7. S/N Ratio: ≥80db
8. Dimensions: L100xW84xH84mm
9. This is a REACH, FCC-ID, CE & RoHS certified product.

To turn ON the wireless speaker, press and hold the power button until the blue LED indicator light flashes.

Press and hold the power button until the blue LED indicator light flashes to turn ON the wireless speaker. The wireless speaker is automatically on Wireless Mode and is discoverable in Bluetooth search lists. Ensure that the wireless speaker is no more than 10 meters away from the device you want to pair.

Use the Bluetooth search list on your device to find and select 'PB Penguin Speaker' to pair with the wireless speaker. To confirm you have paired the wireless speaker successfully with your device a short sound will play and the blue LED indicator light will stop flashing and become static.

Once the wireless speaker has paired with your device, you can select audio files on your device to play directly

When the battery is running low, the wireless speaker will give a warning via a short sound and automatically go into Low Battery Mode. The wireless speaker will issue a total of three warnings to indicate the power is

If you have two Planet Buddies wireless speakers, you can use the multispeaker pairing function. Turn ON two wireless speakers and ensure they are not connected to any other Bluetooth devices; the blue LED indicator light will flash on both wireless speakers. Double press the power button on one of the speakers and wait for a for a few seconds.

A short sound will play to indicate the two speakers have paired successfully, while one wireless speaker shows the blue LED indicator light static, the other wireless speaker shows the blue LED indicator light flashing.

This product is covered under a 12 month limited warranty for product defects. This warranty does not cover products which have been:

- damaged by consumer;
- opened and/or altered in any way;
- subject to normal wear and tear.

If you are experiencing any issues with your product that you can not resolve using this user manual, please contact us at info@planetbuddies.co.uk, attaching proof of purchase, along with a photo of the defect.

Please read and keep all safety and use instructions.

1. Read these instructions.
2. Keep these instructions.
3. Heed **all** warnings.
4. Follow **all** instructions.
5. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

- 6. Only use attachments/accessories specified by the manufacturer.
- 7. Unplug this apparatus during lightning storms or when unused for long periods of time.
- 8. Refer all servicing to qualified personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, objects have fallen into the apparatus, does not operate normally, or has been dropped.
- Keep the product away from fire and heat sources. Do NOT place naked flame sources, such as lighted candles, on or near the product.
- Do NOT make unauthorized alterations to this product.
- Do NOT use a power inverter with this product.
- Use this product only with the power supply provided.
- Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- Do not expose products containing batteries to excessive heat (e.g. from storage in direct sunlight, fire or the like).

The crossed-out wheellie bin symbol means that the product must be disposed of separately in the European Union. These products must not be disposed of with unsorted household waste.

Regulatory Information

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules, which are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

ISED Statement

English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may be caused by undesired operation of the device.

The digital apparatus complies with Canadian ICES-3 (B)/NMB-3(B).

French: Cet appareil contient des émetteur(s) et récepteur(s) exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada.

L'exploitation est soumise aux deux conditions suivantes :

- (1) Cet appareil ne doit pas provoquer d'interférence.
- (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provenir d'un fonctionnement indésirable de l'appareil.

L'appareil numérique est conforme au règlement canadien part 3 (B) / nmb - 3 (B).

This device meets the exemption from the routine evaluation limits in section 6.3 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.3 du crnr - 102 et conformité avec les RSS de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité.

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada, établies pour un environnement non contrôlé.

The device has been evaluated to meet general RF exposure requirement. This equipment should be installed and operated with minimum distance 0mm between the radiator and your body.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux RF. Cet équipement doit être installé et utilisé avec une distance minimale de 0 mm entre le radiateur et votre corps.

This radio transmitter must be approved by Industry Canada to operate with the antenna types listed with the maximum permissible gain indicated. Antenna types not included in this list, having gain greater than the maximum gain indicated for that type, are strictly prohibited for use with this device.

Le présent émetteur radio a été approuvé par Industrie Canada pour fonctionner avec types d'antenne énumérés ci-dessous et ayant un gain admissible maximal. Les types d'antenne non inclus dans cette liste, et dont le gain est supérieur au gain maximal indiqué, sont strictement interdits pour l'exploitation de l'émetteur.
