MADE IN CHINA

Product Introduction

Thank you for purchasing our product Wireless Charger. It uses high-end fast wireless charging chip and has a luxurious and compact design, effectively saving more time and improving your charging experience.

C port input

Specifications

WIRELESS CHARGER
Model:HT-563
Input Power:5V=1A
Manufacturer:Shenzhen Haitao Technology Co.,Ltd.
Address:2F, Building 2, West Industrial Park,
Hezhou District,Hangcheng Street, Bao'an
District,Shenzhen, China

FCC ID:2BKMD-HT-563

Output Power: 2.5W

Available scenarios

Can be used in multiple environments and angles such as computers, laptops, power strips, cars, etc.

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following

measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
