Next Track/Previous Track

True Wireless Stereo (TWS)
Connected/Disconnected

Play/Pause/
Answer/End Phone Call

Disconnect Wireless/
Reject Phone Call

Reset and
Cut off Power

5. TWS Connection

1. Ensure both speakers are not connected to any devices before pairing.
2. Double-click the " * " button on either speaker to enter TWS mode. This speaker becomes the main (left channel), so place it on your left.

-06-

3. Once TWS pairing connected, the main speaker's blue LED will flash, and the secondary speaker's blue LED will be solid. The secondary speaker is right channel, so place it on your right.

4. Search for "GEARit Mini" in your phone's Bluetooth settings and connect to enjoy the stereo sound.

6. Product Specification

Model	GI-SPKR-BT-MINI-BK
Bluetooth Version	V5.3
Bluetooth Transmission Distance	≥18m (Line of Sight)
Output	15W
Frequency Range	115Hz-18KHz
Battery Capacity	1800mAh

GEARit LIMITED WARRANTY

Warranty Coverage:

We stand behind our products with confidence, offering warranties designed to give you peace of mind and a worry-free experience. Our commitment covers most GEARit products with specific warranty periods based on product type such as cables, cases, wall chargers, and more. Either way, you're protected from defects in materials and workmanship.

• **Speakers (Bluetooth Products):** 24 Months

30-Day Money-Back Guarantee:

You may return undamaged products within 30 days for a full refund. Products must include all accessories and original packaging. Shipping costs for non-quality-related returns are the responsibility of the buyer.

Replacement Warranty:

If a defect arises within the warranty period, GEARit will repair, replace, or issue a credit for the product. Repaired or replacement products are covered for 90 days or the remainder of the original warranty, whichever is longer.

Need Assistance?

FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING: This product can expose you to chemicals known to the State of California to cause cancer. For more information, go to www.P65Warnings.ca.gov.
