

User Manual Multifunctional Karaoke Machine 		Welcome Thank you for choosing the V8K9 Karaoke Machine — we're thrilled to be part of your musical journey! Your support and feedback mean the world to us, and they inspire us to keep improving and innovating. If you ever have questions or need assistance, our customer support team is always ready to help. Product Overview Your karaoke moment starts with V8K9. The V8K9 Karaoke Machine combines powerful sound, Bluetooth connectivity, vibrant LED lights, and a portable design—perfect for parties, family fun, kids' practices, and more. Easy to use and suitable for all ages, it turns any occasion into a musical celebration. Whether it's for family bonding, social gatherings, or solo singing, V8K9 delivers an immersive karaoke experience that elevates every moment. What's in the Box  Karaoke Speaker  Wireless Microphones (x2)  User Manual  Shoulder Strap  Type-C Charging Cable (x2)	Button Functions ● USB Flash Drive Port ● Mic Volume Up/Down ● Power / Volume Up/Down ● Mic Instrument Port ● Red Light On When Charging, Off When Full ● Type-C Charging Port ● Mic Echo Up/Down ● AUX Port ● TF Card Port  ● Short Press: Switch Light Modes Long Press: Turn Light On/Off ● Short Press to Switch Sound Effects Long Press to Turn off the Original song ● Short Press to Switch Different Modes ● Display Screen ● Short Press: Previous Song Long Press: Fast Rewind ● Short Press: Play/Pause Long Press: TWS Pair/Disconnect ● Short Press: Next Song Long Press: Fast Forward	Bluetooth Connection Steps - Press and hold the power button to turn on the karaoke machine. Press the Mode button to switch to Bluetooth mode. - Turn on Bluetooth on your smartphone. Your phone will automatically search for nearby devices. - When "V-09" appears in the list, tap to connect. - Open any karaoke or music app and start playing a song. The audio will play through the karaoke machine. Note: Please make sure the volume on both the karaoke machine and the app is turned up during use. Charging Instructions 1.A USB charging cable is included with the product, but USB charger is not. To charge the device, simply connect the cable to USB charger. Tip: Most Android phone chargers are compatible with this device, or you can easily find USB chargers on Amazon or at electronics stores. 2.Red light stays on while charging; the light turns off when fully charged. Microphone Indicator Lights Low Battery: Display flashes rapidly. Bluetooth Pairing/Search Mode: Display flashes slowly. Charging: Red light stays on. Fully Charged: Red light turns off. Note: The microphone will automatically power off if it remains unused for 10 minutes after turning on. 	Mode Switch Instructions - To switch to TF, USB, or AUX mode, please ensure the corresponding device (TF card, USB drive, or AUX cable) is properly inserted. - To switch to Bluetooth mode, make sure your phone or other Bluetooth-enabled device is connected. - In all modes, you can short-press the Play/Pause button to control playback, and use the Prev and Next buttons to switch between songs. TWS Function (Requires Two T-09 Units) To use the TWS (True Wireless Stereo) feature, follow these steps: - Turn on both T-9 karaoke machines and switch them to Bluetooth mode. - On one of the units, press and hold the TWS button. The two speakers will automatically pair with each other. - Once connected, use your phone to pair with either one of the machines via Bluetooth. Audio will be streamed to both units simultaneously. - At a cancel the TWS connection, press and hold the TWS button again. The two speakers will disconnect. Note: The TWS function supports music playback only. Microphone audio will be output from the paired (main) speaker only, not from both speakers. Cautions - Please use the included USB charging cable and a 5V USB charger (not included) to charge the karaoke machine. - This device contains a built-in high-capacity battery. Keep it away from high-temperature environments and avoid prolonged exposure to direct sunlight. - To prevent harsh or shell noise, do not place the microphones too close to the speaker during use. - If you have any questions about the product, don't worry — simply go to your order and click "Contact Seller." We'll be happy to assist you!	FCC compliance statement This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: — Reorient or relocate the receiving antenna. — Increase the separation between the equipment and receiver. — Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. — Consult the dealer or an experienced radio/TV technician for help. FCC Radiation Exposure statement This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.	ISED compliance statement This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: (1) This device may not cause interference. (2) This device must accept any interference, including interference that may cause undesired operation of the device. L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) L'appareil ne doit pas produire de brouillage. (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. IC Radiation Exposure statement This equipment complies with IC RSS-602 radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. Cet équipement est conforme aux limites d'exposition aux radiations IC-602 établies pour un environnement non contrôlé. Cet émetteur ne doit pas être co-localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.
