PRODUCT INFORMATION

SPECIFICATION

Product Name: Electric heated socks
Material: 65% Polyester, 35% Nylon
Power: 10W
Voltage: 5V
Current: 2A
Temperature: 120°F (50°C)
Weight: 150g
Length: 25cm
Width: 10cm
Color: Black
Size: M, L, XL
Material: 65% Polyester, 35% Nylon
Power: 10W
Voltage: 5V
Current: 2A
Temperature: 120°F (50°C)
Weight: 150g
Length: 25cm
Width: 10cm
Color: Black
Size: M, L, XL

AVERAGE

MAINTENANCE

1. Do not use the socks if they are damaged or if the battery pack is not working.
2. Do not use the socks if they are wet or if they are exposed to water.
3. Do not use the socks if they are exposed to fire or if they are exposed to high temperatures.
4. Do not use the socks if they are exposed to strong magnetic fields or if they are exposed to strong electromagnetic waves.

WASHING INSTRUCTIONS

1. The socks must be washed in cold water (below 30°C / 86°F).
2. The socks must be washed in a gentle cycle.
3. The socks must be washed in a mesh laundry bag.
4. The socks must be washed in a mesh laundry bag.
5. The socks must be washed in a mesh laundry bag.
6. The socks must be washed in a mesh laundry bag.
7. The socks must be washed in a mesh laundry bag.
8. The socks must be washed in a mesh laundry bag.
9. The socks must be washed in a mesh laundry bag.
10. The socks must be washed in a mesh laundry bag.

HOW TO USE

1. Turn on the power switch.
2. Turn on the power switch.
3. Turn on the power switch.
4. Turn on the power switch.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC Warning

- English: This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

- French: Cet appareil contient des émetteurs/récepteurs exemptés de licence qui sont conformes aux RSS exemptés de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

1. Cet appareil ne peut pas causer d'interférences.
2. Cet appareil doit accepter toute interférence, y compris les interférences qui peuvent causer un fonctionnement indésirable de l'appareil.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

L'appareil a été évalué pour répondre aux exigences générales d'exposition aux radiofréquences. L'appareil peut être utilisé en condition d'exposition portable sans restriction.

This equipment should be installed and operated with minimum distance 0cm between the radiator & your body.

Cet équipement doit être installé et utilisé à une distance minimale de 0 cm entre le radiateur et votre corps.
