The image shows a custom PCB for a 2.4GHz transmitter. Key components visible include:

- dosilicon 25064A-1A1A4** IC (2406)
- 3.3V** voltage divider (resistors)
- 5V** voltage regulator (resistor and capacitor)
- RF** connector with a red cable
- TXD** and **GND** pads
- LEDK** (LED)
- MA1006** (diode)
- 3.3V** and **5V** pads
- RF** and **GND** pads
