

Solder Board-Component View 8	 A photograph of a green printed circuit board (PCB) populated with various electronic components. The components include several electrolytic capacitors of different sizes, integrated circuits, and various connectors. A black L-shaped ruler is placed next to the board for scale, with markings in millimeters. The board is resting on a blue textured surface.
Solder Board-Component View 9	 A photograph of the reverse side of the green PCB. It shows the intricate copper traces and solder points used for component mounting. A black L-shaped ruler is placed next to the board for scale, with markings in millimeters. The board is resting on a blue textured surface.
