

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing two black, rectangular external electronic units (EUTs) and a white cable. The units are positioned vertically next to a black ruler with white markings. The ruler is placed horizontally below the units. The left unit has a circular component on its front face. The right unit has a small, dark, rectangular component on its front face. The white cable is coiled to the right of the units. The background is a light blue surface.
EUT View 2	 A photograph showing a single black, rectangular external electronic unit (EUT) positioned vertically next to a black ruler with white markings. The ruler is placed horizontally below the unit. The unit has a circular component on its front face. The background is a light blue surface.
