

Product Similarity Declaration

Product name: MASSAGE CHAIR

Model name: CGM EMCG-2401, CGM EMCG-2402

FCC ID: 2BLGG-CGMEMCG-2401

We (Shandong Kangtai Intelligent Technology Co., Ltd.) hereby state that all the models are electrical identical including the same software parameter and hardware design (i.e., circuit design, PCB Layout, RF module/circuit, antenna type(s) and antenna location, components on PCB, etc.), same mechanical structure and design (including product enclosure, materials, etc.), the only difference is the GM EMCG-2401 and CGM EMCG-2402 Standard electrical hardware differences CGM EMCG-2402 Standard massage chair has some Electronic control hardware reduce on the basis of CGM EMCG-2401 massage chair, the details as below:

1. Remove the Leg Massager Device, so need to remove an Air pump and Two groups of Electric Valves and the Leg Massager Detection Board, and also need to remove the related Electronic Components on Main PCB and the related Wiring harness
2. Remove the Abdomen Massager, so need to remove related Electronic Components on Main PCB and the related Wiring harness
3. Remove the USB Charging function, so need to remove the Charging board and TYPE_C charging board, and remove the related Electronic Components on Main PCB and the related Wiring harness.
