Pro-Tips for a Flawless Experience

• Master the Tap:

To avoid disrupting your flow, use a gentle tap. Avoid "over-pressing" the button, as this may trigger the device's rapid-scroll mode instead of a single page turn.

• Proper Placement:

For the best response, ensure the sensor is placed within the active reading area of your screen.

Safety & Warranty

• Safety

Do not disassemble. Keep away from strong magnetic fields or electronic interference.

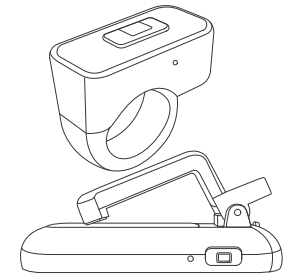

• Warranty

Your CoBak Page Turner includes a one-year warranty.

COBAK

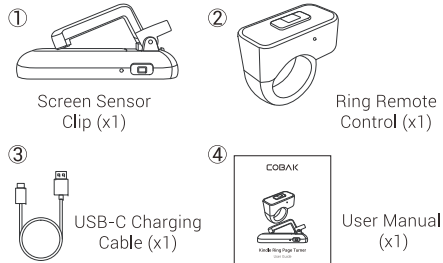

Kindle Ring Page Turner

User Guide

Elevate Your Reading Experience

Thank you for choosing CoBak. Designed for ultimate comfort, our Ring Page Turner allows you to enjoy your favorite books on Kindle, iPad, or smartphones completely hands-free. Whether you're tucked in bed or relaxing with a drink, seamless reading is now just a click away.

Inside the Box

Product Highlights

• Ultra-Long Battery Life:

Enjoy 15 to 30 days of use on a single charge (based on 2 hours of daily reading).

• Silent Click Technology:

Our mute silicone buttons ensure a peaceful environment for you and those around you.

• Broad Compatibility:

Works seamlessly with Kindle e-readers, iPads, iPhones, and most smartphones.

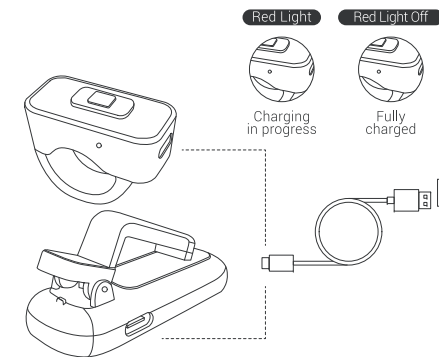

• Ergonomic Design:

Effortlessly control your pages from a distance for maximum relaxation.

Getting Started

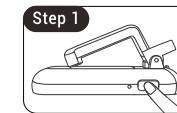

① Charging:

Connect the included USB-C cable to a power source.

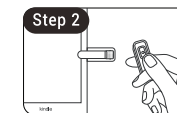

Total Charge Time: Approximately 1.5 hours.

② Powering On & Connection

Press the power button on the Screen Sensor Clip to activate the clip.

Attach the clip to your device's reading area and press the Ring button to start flipping pages.

③ Re-Pairing (If Needed)

Note: Devices are pre-paired at the factory.

• If you need to re-pair, press and hold the button on the Clip until the light flashes blue.

• Press the Ring button once; the clip's light will flash blue again to confirm the link.

成品尺寸：70x80mm

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

RF Exposure Information

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
