A small, white, oval-shaped electronic device, likely a USB dongle, is shown next to a ruler for scale. The device has a white plastic casing with a fine mesh grille on the top half. Below the grille, there is a small, dark, rectangular port, which appears to be a USB-C connector. A small, white, rectangular antenna or connector is attached to the top of the device. The ruler shows measurements in centimeters, with the device being approximately 4 cm long. The background is a blue surface.
