## Appendix H: Duty Cycle

### Test Result

| TestMode   | Antenna | Frequency [MHz] | Transmission Duration [ms] | Transmission Period [ms] | Duty Cycle [%] | Factor |
|------------|---------|-----------------|----------------------------|--------------------------|----------------|--------|
| 11B        | Ant2    | 2412            | 8.35                       | 8.40                     | 99.40          | 0.03   |
| 11B        | Ant1    | 2412            | 8.35                       | 8.40                     | 99.40          | 0.03   |
| 11B        | Ant2    | 2437            | 8.35                       | 8.40                     | 99.40          | 0.03   |
| 11B        | Ant1    | 2437            | 8.35                       | 8.40                     | 99.40          | 0.03   |
