PACKAGE CONTENTS

1. Notebook
2. AC Adapter
3. User Manual

BUTTONS & PORTS

1. Type-C Full Function
2. HDMI
3. USB
4. Kensington lock
5. USB
6. USB
7. Headphone jack
8. Micro SD

Getting Started

Step 1. Move up the notebook screen with maximum angle 180° from the keyboard base.

Step 2. Connect the power (the battery already installed inside the notebook, please charge the battery before switch on the device for first time of use).

Step 3. Press the power button .

Step 4. Configure the Windows 11 edition by following instruction on the notebook screen.

Step 5. Activate windows OS, Open [Control Panel](#), select [System and Security](#) and then select [System](#) → [Windows Activation](#) → [Activate window](#).

Power Off the Notebook

To switch off your notebook, please do one of the following:

1. Press and hold the power button for a while.

2. Click on start menu , click on power , then select shut down .

Specifications

Processor		
Processor		AMD Ryzen™ 7 5825U
Storage		
DDR		16 GB
SSD		512GB
Display		
LCD Display		1920*1080 Pixels
Type		FHD IPS
Size		15.6 Inch
I/O ports		
USB		3x USB3.0
Type-C		1x Type-C Full Function
Video Output		1x HDMI
Memory Card Port		1x Micro SD card
Headphone Jack		1x Headphone Jack
Integrated Devices		
Camera		Front Camera 2.0 M pixel
Bluetooth		5.0
Wi-Fi		802.11b/g/n/ac
Battery Pack		
Type		Lithium-ion polymer Battery
Capacity		5100mAh
Max Voltage		11.4V
AC Power Adapter		
Input		AC 100- 240 V
Output Voltage		20 V, 3.25A

Check Your Notebook Specifications

To check your notebook specification, please do one of the following:

- 1.Open [Control Panel](#), select [System and Security](#) and then select [System](#).
2. Type [System information](#) in the search bar.

FCC Statement

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Specific Absorption Rate (SAR) information:

This device meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health. FCC RF Exposure Information and Statement the SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types: This device has also been tested against this SAR limit.

This device was tested for typical body-worn operations with the back of the This device kept 0mm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain an 0mm separation distance between the user's body and the back of the This device. The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.
