

## Photographs of the EUT (External Photos)

Model: GR-W09

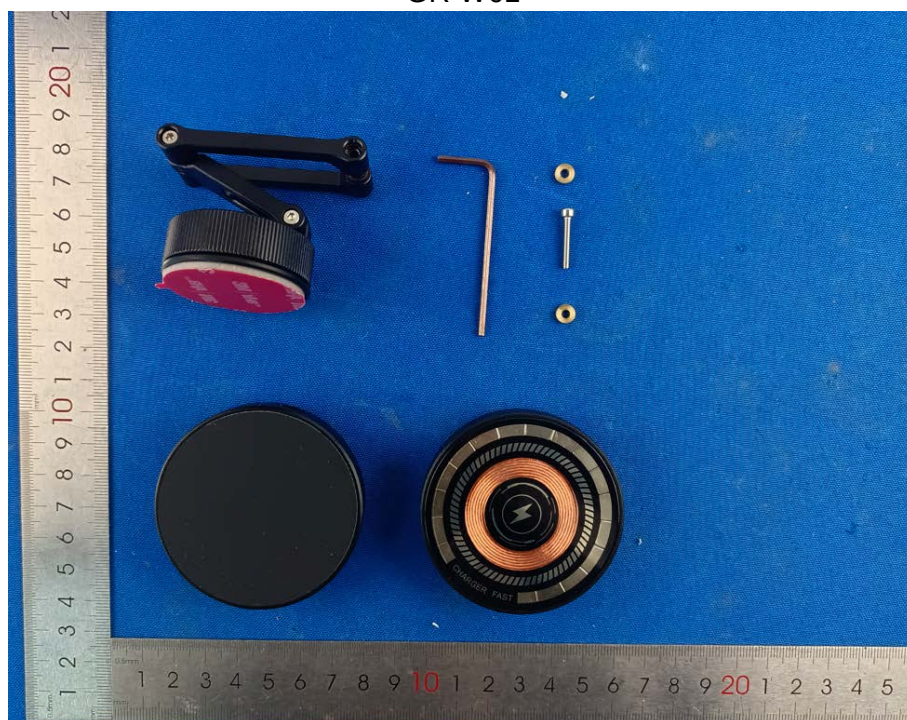

A photograph showing the disassembled components of a USB-C fast charger. The parts are laid out on a blue textured surface. At the top, from left to right, are: a small black cap, a black plastic housing with a spherical base and a ribbed upper section, a black plastic flange, and a black plastic ring. Below these are: a large black circular cap, a circular copper-colored coil with a lightning bolt symbol and the text 'CHARGER FAST', a small black cap, and a small blue and silver screw. A silver L-shaped hex key is also present. A ruler is visible at the bottom, showing measurements in centimeters.
