MCON DOCK MANUAL - ENGLISH

**DOCK USAGE INSTRUCTIONS**

1. Connect a HDMI cable to the HDMI output on the dock rear panel, and connect the other end of the cable to a TV or external display to enable display casting.
2. Connect a USB-C power adapter (up to 100W) to the dock's rear USB-C PD port to enable charging.
3. Connect your phone to the front USB-C connector of the dock. Your phone screen should automatically cast to the external display, and the smartphone will begin charging. The phone screen must remain on for casting to stay active.
4. The dock LED indicator will illuminate once and then turn off after the smartphone is connected. The LED remains on only when an active HDMI signal is detected. The phone screen must stay on for casting to remain active.
5. To connect your MCON controller via 2.4GHz, set the controller to 2.4GHz mode using PAIR + D-PAD DOWN for 5 seconds. The pairing light will flash on the controller and then automatically connect to the dock.
6. To change controller mode over 2.4GHz, hold VIEW + MENU for 5 seconds to cycle between XInput, NS, and DS4 modes.

**PLEASE READ PRECAUTIONS CAREFULLY**

- CONTAINS SMALL PARTS. Keep out of reach of children under the age of 3. Seek immediate medical attention if swallowed or inhaled.
- DO NOT use the product near fire or heat sources.
- DO NOT expose the product to direct sunlight or high temperatures.
- DO NOT use the product in a humid or dusty environment.
- DO NOT impact, drop, crush, or subject the product to strong vibration.
- DO NOT touch USB ports directly as this may cause malfunctions.
- DO NOT bend or twist the cable or connectors with force.
- Use a soft, dry cloth while cleaning.
- DO NOT use chemicals, solvents, or thinner.
- DO NOT use the product for any purpose other than its original function.
- We are NOT responsible for accidents or damage caused by use with non-original accessories.
- DO NOT look directly at optical light sources—may cause eye injury.
- If you have any quality concerns or suggestions, please contact Ohsnap or your local distributor.

**WASTE ELECTRICAL & ELECTRICAL EQUIPMENT INFORMATION****CORRECT DISPOSAL OF THIS PRODUCT (WASTE ELECTRICAL & ELECTRICAL EQUIPMENT)**

This symbol indicates that this product should not be disposed of with household waste. For proper recycling, recovery, and treatment, please take this product to designated collection points or follow your local disposal guidelines.

**STATEMENT OF COMPLIANCE WITH EU DIRECTIVE (CE-RED)**

Ohsnap Gaming, LLC. declares that this Dock and KeyCast Dongle comply with the essential requirements of Directive 2014/53/EU (RED) and Directive 2015/863 (RoHS).

**KC (KOREA) SAFETY & RF NOTICE****(REQUIRED FOR RADIO PRODUCTS SOLD IN KOREA)**

이 장치는 무선설비 적합등록을 필요였으며 전자파 적합성(EMC) 및 무선 주파수(RF) 요건을 충족합니다. 국립전파연구원(KRISS)의 기술기준에 적합하며, KC 인증번호는 제품 표기 또는 포장에 기재됩니다.

DECLARATION OF CONFORMITY** FCC STATEMENT**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio or TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
