

Model Confirmation Letter

Company name: Shenzhen Pamian Technology Co., Ltd

Certify the product: *Noise Cancelling Headphones*

The RF module remains completely unchanged; only the circuit diagram was slightly modified, with the connections changed from a ribbon cable to solder points.

No.	Original	New
	 A photograph of a green, semi-circular printed circuit board (PCB) with various electronic components. A red rectangular box highlights a specific area on the board. A metal ruler is placed below the board for scale, showing measurements in centimeters.	 A photograph of a modified version of the green PCB. It features additional components and different wiring compared to the original. A red rectangular box highlights the same area as in the original image for comparison.
