PREPARATION BEFORE USE

Step 1: Download the App

Search for "FondCircle" on the App Store or Google Play Store and install it on the device.

Scan the QR code with your phone or tablet to download the FondCircle app.

Step 2: Sign Up

- Open the FondCircle app.
- Use an email to create an account and password.

Step 3: Connection

Method 1

- First, click "Device," then "+" or "Body Fat Scale."
- The screen will show "Scanning Device."
- Tap the scale. Wait for a few seconds, then click "Connect."

Method 2 (Quick Add)

- First, open the FondCircle app.
- Tap the scale. Wait for a few seconds, then click "Add my device."
- The screen will show "Accept successfully." You can then proceed with the measurement.

TAKE MEASUREMENTS

- First, click "Device," then "Body Fat Scale."
- Turn on the scale by stepping on and off, waiting for "0.0" display on the screen.
- Step on the scale while all numbers display on the scale. Your measurement is over, and the results will also display on the app.
- The measured value will be displayed on the app after the measurement, click "Update."
- Click "Save" to upload the result.

Note:

- Place the scale on a hard flat floor surface, do not place it on carpet or any other soft surfaces.

HISTORICAL DATA REVIEW

- Return to the homepage and click "Weight."
- Click "All Data" and view the uploaded historical data.

SWITCHING UNITS

- By default, the scale uses pounds (lb) as the unit of measurement, but it also supports kilograms (kg).
- To switch the unit of measurement on the scale, first open the FondCircle app, then go to the app "Me" page -> "General Settings" -> "Units".

MEASUREMENT TIPS

To have accurate, consistent and comparable measurement results, there are some DO's and DON'Ts.

1. DO'S

- Before first use, open the battery cover and Install batteries.
- Ensure the personal information in your profile is correct.
- Place the scale on a hard flat floor surface when you weigh.
- Do calibration each time. Wait back to "0.0", then step on the scale for measurements.
- Use the scale under the same condition during same hour each day.
- Empty your bladder before weighing.
- To switch the unit of measurement (kg, lb), press the UNIT button on the underside of the scale or adjust the settings in the app.
- To prevent damage, please avoid hitting the edges of the scale against hard objects or surface.
- Just step on, the scale will show your weight in real time. The display will flash several times before showing your final measurement.

2. DON'Ts

- Do not place the scale on a carpet or a soft surface when you weigh.

3. This scale is intended for home use only.

TROUBLESHOOTING

Symptom	Cause	Solution
Lo	Low power	Use new 1.5V AAA batteries.
Err	Overload	Use the scale within 402.3 lb/182.5 kg.
No Display	Auto-off, or no power	Auto-off: Step on then off to turn on the scale; No power: replace new batteries.
Unable to Sync with App	Lost connection, or scale turns off	Reconnect the scale: For iPhones, authorize bluetooth; for Android, enable location. Click the icon on the top-right corner and tap "Device" -> "+ Add device" on the app.

FCC STATEMENTS

FCC ID: 2BMIHFBF-W1

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

WARRANTY

The device is covered by a 12-month warranty from the date of purchase, subject to the following terms and conditions.

The warranty does not cover:

The batteries, packaging, or any other consumables.

Damage resulting from improper use, including but not limited to:

- Unauthorized disassembly or modification of the device.
- Accidental dropping or impact during use or transportation.
- Failure to follow the instructions provided in the user manual.

To claim warranty service, users must provide proof of purchase and comply with the terms outlined in the user manual.
