

Model Difference

8/1/2026

FCC ID: 2BMMP-V3

EUT NAME: Network media player

Main Test Model: V3

Series Models: V9, V10, V10PRO, X2, G15, G15PRO, X6, ID18, ID5

All models are strictly identical in terms of circuit design, PCB layout, RF modules/circuitry, antenna type and placement, PCB components, and other hardware aspects. They also share the same software parameters, mechanical structure, and exterior design. The sole difference across models lies in their naming/nomenclature.
