Thank you for purchasing your MERKURY SMART home product.

Get started using your new devices by downloading **Mercury Smart** app, one convenient app that manages everything straight from your phone or tablet. Easily connect to your home Wi-Fi, and control multiple devices from the touch of your fingertips.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device should be installed and operated with a minimum distance of 20cm between the radiator and your body.

03

- Authorize your account with Smart Home Skills using the username and password from your Mercury Smart app.

04

- Choose "Discover Devices." After a few seconds your Mercury devices will be displayed under Smart Home in the Alexa app.

- You can rename your devices in the Mercury Smart app, and Alexa will. So if you rename a smart strip to "Living Room" or a nickname like "Blossom," then Alexa will use that same name later on.

Alternatively, you can create an Alexa group, like "Bedroom" or "Downstairs," and add the device to the group.

Alexa will recognize the group name in the Alexa app, or the device name in the Mercury Smart app.

To control your MERKURY SMART products, just ask Alexa. Make sure your devices are already set up using the Mercury Smart app.

Things you can say*:

"Alexa, discover my devices."
"Alexa, turn on the bedroom light."
"Alexa, turn off the coffee machine."

*Some commands require compatible devices.

01

- Open the Alexa app and go to Skills in the menu.

02

- Search for Mercurry Smart then tap Enable.

RF exposure statement

This equipment meets the exemption from the routine evaluation limits in RSS-102. It should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Cet équipement est conforme à l'exemption des limites d'évaluation habituelle de la norme RSS-102. Il doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et toute partie de votre corps.

IC WARNING

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

03

- Choose "Merkury Smart" from the list of Home Control partners.

04

- Authorize your account with Google Assistant using the username and password from your Merkury Smart app.

Now your Google Home app and Merkury Smart devices are linked!

You're now able to say "Hey Google" and control your Merkury devices.

- At any time, go into the "Home Control" section of the Google Home app to set nicknames and rooms for your devices. **You can rename your devices in the Merkury Smart app, and Google Assistant will refer to them by the same name.**

So if you rename a smart bulb to "Living Room" or a nickname like "Blossom," then Google Assistant will use that same name later on. You can always give it a nickname using the Google Home app as well. **You can also assign bulbs to a specific room, like "Bedroom" or "Kitchen."**

Google Assistant will be able to control devices by room.

To control your Mercury Smart products, just say "OK Google," or "Hey Google," and ask. Make sure your devices are already set up using the Mercury Smart app.

Things you can say*:

"Hey Google, turn on all the lights in my bedroom."
"Hey Google, turn off the coffee machine."

*Some commands require compatible devices.

01

- Open the Google Home app and go to Home Control in the menu.
