Wireless + Wired 2-in-1 Charging

10000mAh Magnetic Wireless Charging Mobile Power

Product Specifications

Model:	DGPB303
Battery Capacity:	10000mAh/37Wh
Energy Conversion:	≥65 %
Rated Capacity:	10000mAh(5V=2A)
Type-C Input:	5V=5A 9V=2A 12V=1.5A
Type-C Output:	5V=5A 9V=2.22A 12V=1.67A
Output:	
1x Built-in USB Type-C Cable:	5V=5A 9V=2A 12V=1.5A
1x Built-in Lightning Cable:	5V=2A
Wireless Charger Output:	2.5W/5W/7.5W/10W/15W
Operating Temperature:	0°C to 40°C
Storage Temperature:	0°C to 45°C
Product Size:	L109*W69*H20mm

List in Package

Manual x1 Power Bank x1 Type-C Data Cable x1

Power Bank First Use

When using the power bank for the first time, please connect it to a USB-C charger or power source (charger/power source not included) using the included data cable to fully charge it. It is recommended to use a PD fast charger.

Wired Charging

The built-in Type-C Cable or built-in Lightning Cable of the power bank can be used to charge smartphones, tablets, and other smart devices with corresponding interfaces.

Wireless Charging

Charging smartphones, watches, earphones, tablets, and other smart devices that support magnetic wireless charging.

Product Description and Instructions

1. This product is a magnetic portable charging device that can charge smart devices such as smartphones, wireless earbuds, smartwatches, and tablets through multiple methods including wired and wireless charging.

Integrating both wired and wireless charging functions, the device supports a maximum wired PD fast charging power of 20W, which can be achieved via the built-in Type-C and Lightning interface data cables. Meanwhile, it also supports a maximum wireless fast charging power of 15W.

In addition, the product is equipped with a multi-layer safety protection mechanism, including over-charging protection, over-discharging protection, and temperature protection.

2. To achieve the optimal performance of the device, please charge the power bank to 100% before using it for the first time.
3. If the digital LED display of the product shows no information, the product may be in a protection state. Please connect it to an external charger for charging and attempt to restore it to normal operation.

WARNING

1. This product is not a toy, please place it out of reach of children, and prohibit children from using or playing with it to avoid accidents.
2. Please make sure to use a charger that meets local safety standards to charge this product to prevent electric shock or battery damage.
3. Please do not press and knock the product to avoid serious drop or strong vibration of the product, if these situations or liquid penetration into the product, may lead to battery, circuit damage or short-circuit, please stop using it immediately and dispose of it appropriately.
4. If the product is bulging, deformed, leaking liquid, etc., please stop using it immediately and dispose of it appropriately.

5. This product contains a lithium-ion polymer battery, it is strictly prohibited to dismantle, pressure, puncture the product or put it into water, fire (including near the cooker, heating and other heat sources) or exposed to temperatures higher than 60°C environment.

6. When the weather is hot, please do not put the product outdoors in an unoccupied car or other places exposed to the sun.

7. This product should not be disposed of as household waste, but should be handed over to an appropriate collection point for the recycling of electrical and electronic equipment.

Product Warranty

1. Thank you for choosing DIGIERA products

Please read this warranty statement carefully and keep the warranty certificate, if the product needs to be warranted, returned or exchanged, please present the proof of purchase at the same time.

2. Warranty Coverage

DIGIREA warrants to you that the product and its accessories purchased are free from defects in material and workmanship in accordance with the following terms and conditions:

- 2.1 The product warranty period is 12 months from the original date of purchase.
- 2.2 The warranty applies only to the original purchaser of the Product ('Customer') and is not transferable to any subsequent consumer.
- 2.3 During the Warranty Period, the Warranty is valid only for the Customer.
- 2.4 DIGIREA or its authorised service agents will provide warranty service to the Consumer in the event of a quality problem with the Product during the Warranty Period.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1). This device may not cause harmful interference.
- 2). This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation, if this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.
