APK Icon	APK Name	Purpose
	Assistant	Google Assistant: Voice-controlled AI for tasks, searches, and device control.
	Contacts	Manages phone contacts and integrates with Google accounts for syncing.
	Google TV	Streaming platform for movies, shows, and live TV, aggregating content from multiple services.
	Play Books	E-book reader app for purchasing, downloading, and reading eBooks and audiobooks.
	YouTube	Video-sharing platform for streaming and uploading videos.

	Calculator	Basic and scientific calculator functions.
	Drive	Cloud storage service for file backup, sharing, and collaboration (Google Drive).
	Keep Notes	Note-taking app for creating lists, reminders, and syncing notes across devices.
	Play Store	Official app store for downloading and updating Android apps and games.
	YT Kids	Child-friendly version of YouTube with curated content and parental controls.
	Calendar	Schedule management app for events, reminders, and syncing with Google Calendar.

 Files	Files	File manager for organizing, cleaning, and sharing files on the device (Google Files).
 Maps	Maps	Navigation and location service with real-time traffic, directions, and POI search.
 Safety	Safety	Google Family Safety: Parental controls for screen time, app usage, and location tracking.
 YT Music	YT Music	Music streaming service with access to YouTube's music catalog and playlists.
 Camera	Camera	Camera app for capturing photos/videos and editing them.
 Find Device	Find Device	Locate, ring, or remotely wipe a lost Android device (Google Find My Device).

 Meet	Meet	Video conferencing app for virtual meetings and calls (Google Meet).
 Settings	Settings	System settings for managing device configurations, connectivity, and preferences.
 Chrome	Chrome	Web browser for internet access and syncing with Google accounts.
 Gmail	Gmail	Email client for managing Gmail accounts and organizing emails.
 MiracastReceiver	MiracastReceiver	Enables wireless screen mirroring via Miracast protocol (typically system-level functionality).
 Sound Recorder	Sound Recorder	Records audio and saves recordings locally or to cloud storage.

 Clock	Clock	Alarm, timer, stopwatch, and world clock functions.
 Google	Google	Google app: Search, Discover feed, and access to Google services like Lens and Translate.
 Photos	Photos	Cloud-based photo and video storage with editing tools and sharing features.
 Videos	Videos	Local video player or Google Play Movies & TV app for purchased/rented content.
