FCC Caution:
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference
to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable xposure condition without restriction.

Please read this manual carefully before use.

Safety warnings
Do not place any naked flame sources, such as lighted candles
Dispose of batteries responsibly and be aware of the environmental effects of battery disposal
Do not expose the batteries (batteries installed) to excessive heat, such as fire or the like

Warning
To prevent possible hearing damage, do not listen at high volume levels for long periods.
For your own safety, please be aware of your surroundings when using these headphones.

Advertencias de seguridad

No coloque los auriculares cerca de fuentes de llamas desnudas, como velas encendidas.
Deseche las baterías de manera responsable y tenga en cuenta los efectos ambientales de su eliminación.
No exponga las baterías (baterías instaladas) a un calor excesivo, como fuego o similares.

Advertencia

Para evitar posibles daños auditivos, no escuche a niveles de volumen altos durante períodos prolongados.
Por su propia seguridad, tenga en cuenta su entorno cuando utilice estos auriculares.

Pausa automática

Detección de la oreja

Cuando se retiran los auriculares de los oídos, automáticamente se pausará el audio que se está reproduciendo. La pausa automática está habilitada de forma predeterminada y puede desactivar esta función presionando tres veces el botón ANC.
