

Installation Instructions Audio NX

- 1. Mount speaker with the flat side on a free-swinging wooden plate (Woodscrews 4.0x30).*

- 2. Add Wago connector on a 3x0.5mm² cable. Brown is 24VDC, Grey is an external pairing switch, Black is GND.*

- 3. Connect the ends of the cable to either 3a or 3b.*

a. Connection on a sauna controller of type 210XX.

b. Connection on a power supply and a pairing switch connecting to GND (NPN).

4. Connect the cable of the speaker with the cable of step 2.

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.*
- Increase the separation between the equipment and receiver.*
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.*
- Consult the dealer or an experienced radio/TV technician for help.*

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in an uncontrolled environment without restriction.
