

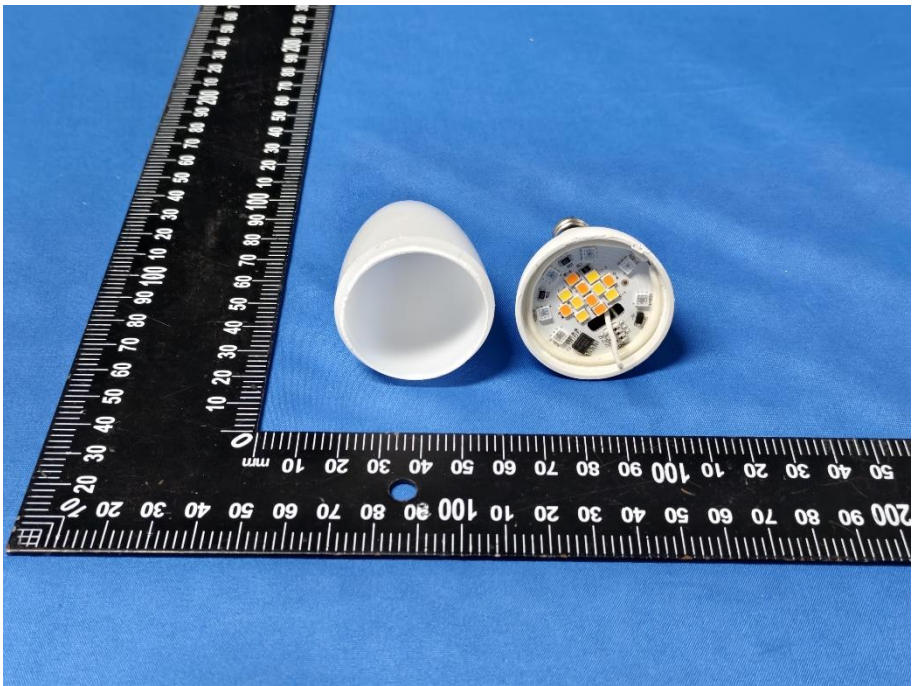

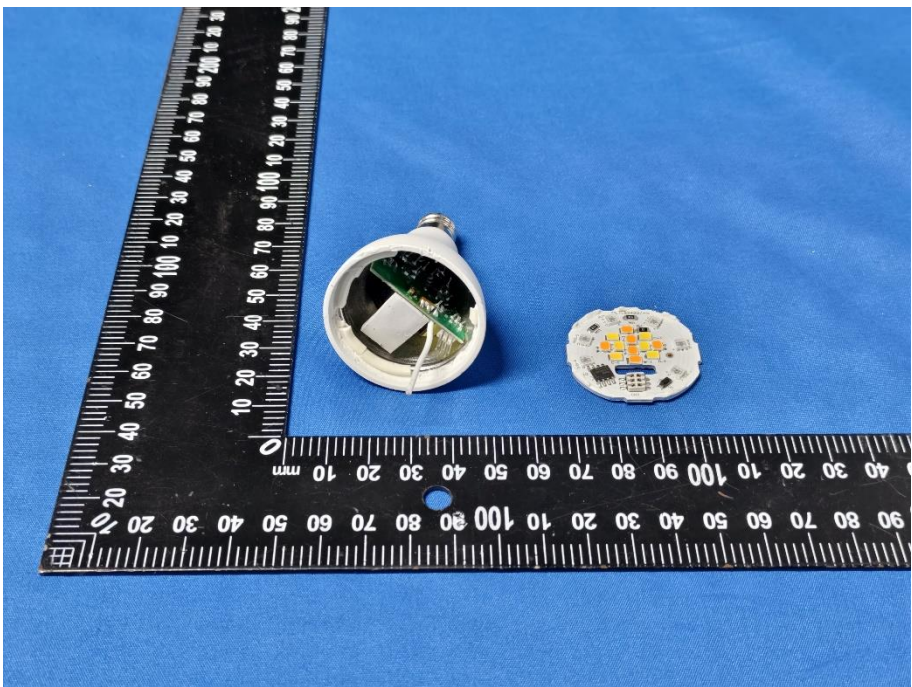

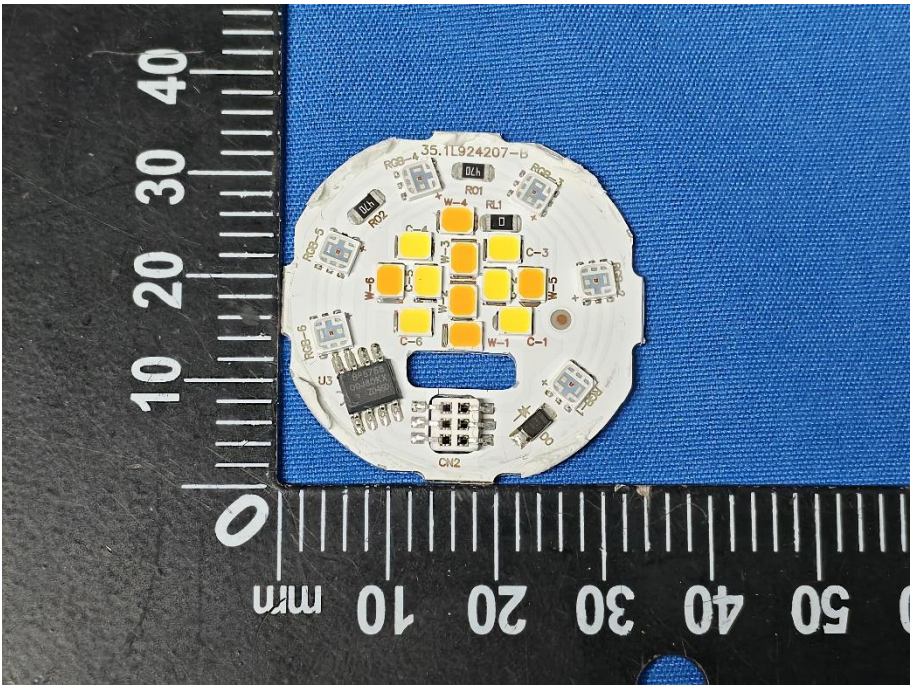

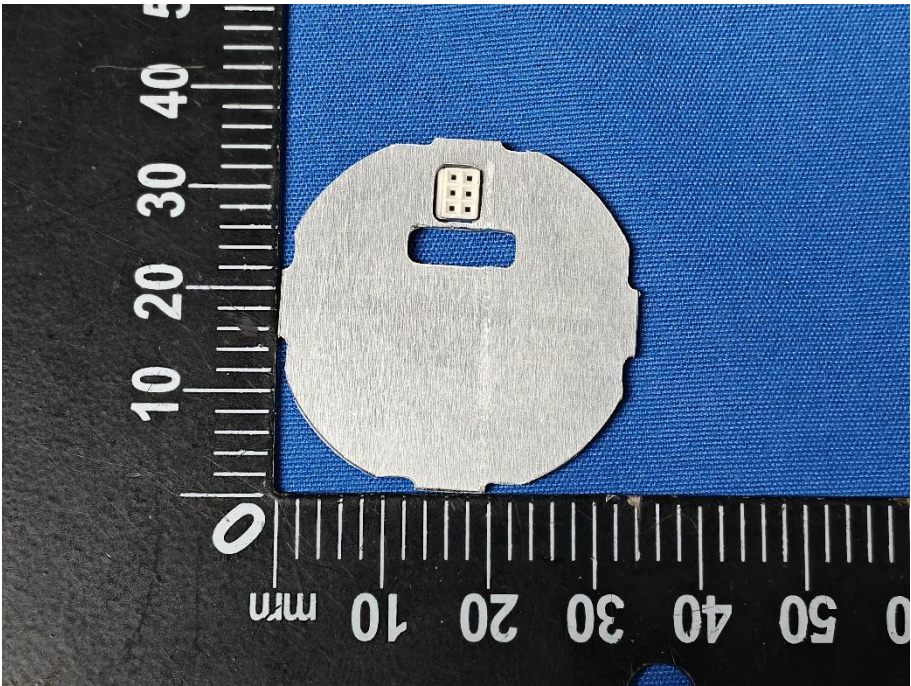

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

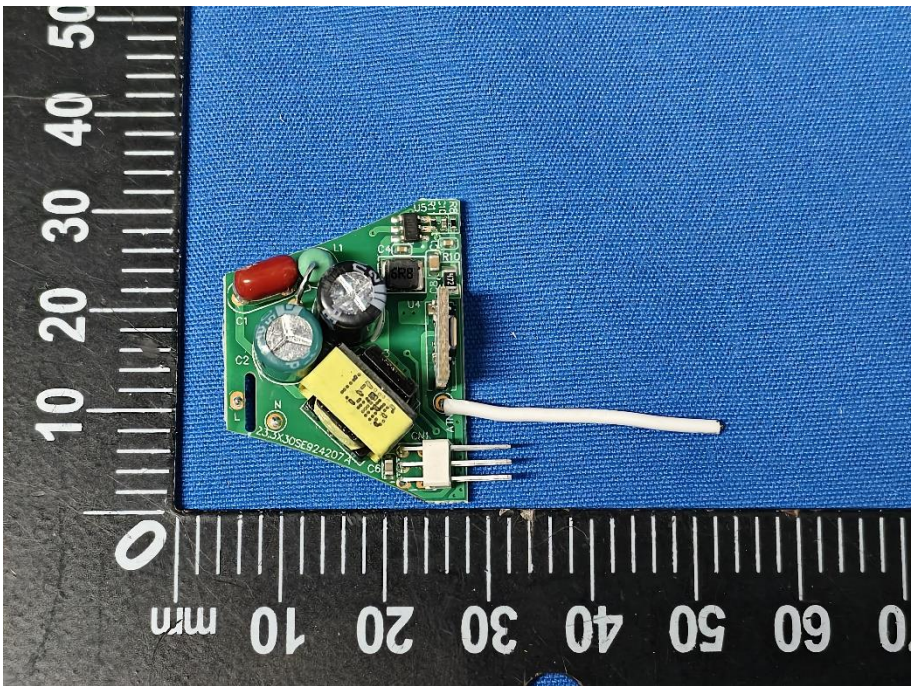

**EUT Housing and
Board View 2**

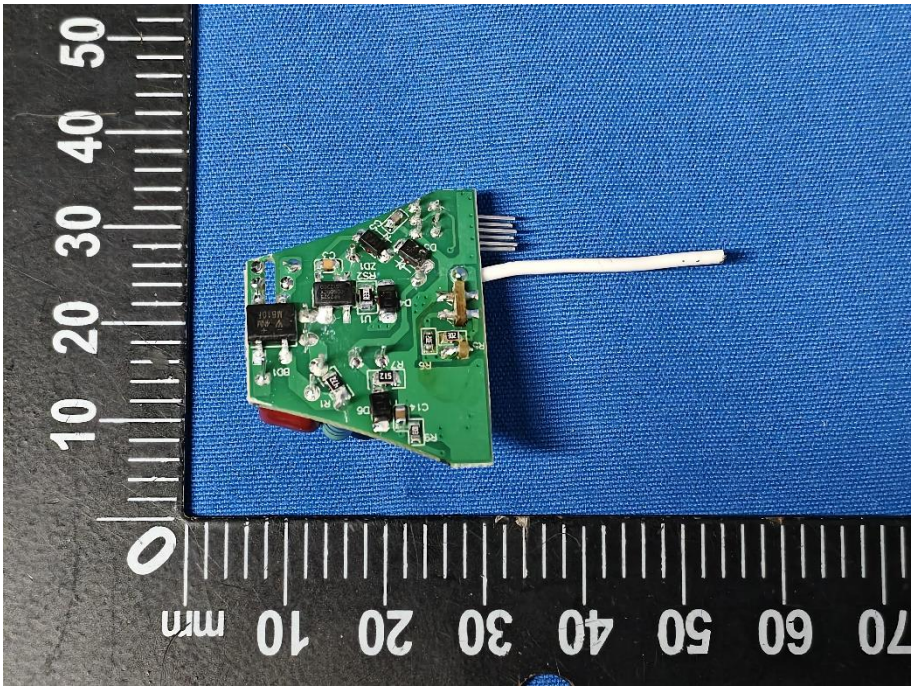

Solder Board-Component View 1	 A photograph of a circular, white, flexible printed circuit board (FPCB) component. The board is populated with various electronic components, including several yellow LED chips arranged in a central cluster, resistors, capacitors, and integrated circuits. A central rectangular cutout is visible. The component is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows the component is approximately 40mm in diameter.
Solder Board-Component View 2	 A photograph of the same circular, white, flexible printed circuit board (FPCB) component from a different perspective. This view shows the underside of the board, which is mostly bare with some solder pads and a small component near the central cutout. The component is placed on the same blue textured surface next to the same black ruler with white markings in millimeters.
