

JT-08

Professional karaoke audio microphone set

Technical parameter

Product model :JT-08
Bluetooth name: Host JT-08 lyric device JT-008
Input voltage :DC5V Battery capacity :3000mAh
Battery capacity :3000mAh
Bluetooth version: Bluetooth 5.3
Charging current :1.5A
Charge time :3-5 hours Play time :3-5 hours
Operating voltage :3.4-4.2V
Bluetooth transmission distance :10M-15M
Material :ABS+PC
Color: Wood white pink
Output power :3 inch full frequency speaker 15W,
1.5 inch high frequency speaker 5W, total 20W
microphone: dual microphone
Product volume :210*130*460MM
Gross weight :1.35KG
Color box size :215*135*300mm
Packing number :10PCS
Outer box size :695*450*320CM

- Note: The company is constantly committed to improving the quality and performance of products, product technology and design if updated, without notice, the company reserves the right to continuously improve the product, the function of the product shall prevail!!

FCC Warning Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
