Pairing Your FindeeFrendz

For Apple Devices

1. Open the 'Find My' app on your iPhone, navigate to the **Items** tab and **press the + icon**.
2. Next, **press the power button** on the FindeeFrendz to power it on, then **press and hold** for 5 seconds to **activate Find My pairing mode**.
3. In the **Find My App**, select **Add Other Item** to initiate a search for the FindeeFrendz.
4. Once your iPhone discovers the FindeeFrendz, tap **Connect**. Then **follow** the on-screen steps to name and register the FindeeFrendz to your Apple ID.

Works with
Apple Find My

For Android Devices

1. Download & update the **Google Find My Device** on the device you wish to connect.
2. **Turn on bluetooth** on your Android device.
3. Press the **power button** on the FindeeFrendz to turn it on. A pop up window should appear on your android device. (If the window does not appear, then **press and hold for 5 seconds** to activate pairing mode).
4. Follow the on-screen steps to **connect, name and register** the tag to your device.

Works with Android
Find Hub

Warranty & Safety

All SnapWireless products are protected and covered against product defects in materials, workmanship and faults for a period of one (1) years from the date of original purchase when purchased through our online store or an authorised reseller. Changes or modifications not expressly approved could cause damage to the product and may void the user warranty.

Technical Specifications

Capacity: 80mAh
Wireless Charging Input: 5V=0.5A (2.5W)

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance, such modifications could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery that can result in an explosion leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas

The Apple Find My network provides an easy, secure way to locate compatible personal items using the Find My app on your iPhone, iPad, Mac, or the Find My app on Apple Watch.

To use the Apple Find My app to locate this item, the latest version of iOS, iPadOS, or macOS is recommended. The Find My app on Apple Watch requires the latest version of watchOS.

Use of the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements. Apple is not responsible for the operation of this device or use of this product or its compliance with safety and regulatory standards.

Apple, Apple Find My, Apple Watch, Find My, iPhone, iPad, iPadOS, Mac, macOS and watchOS are trademarks of Apple Inc. iOS is a trademark or registered trademark of Apple Inc. in the U.S. and other countries and is used under license.

Find Hub helps you find and connect to what matters in a single, secure place. Find your belongings quickly and safely—even if your devices are offline. Plus, seamlessly and securely share your location with friends & family for peace of mind.

Find Hub network requires location services and Bluetooth to be turned on. Requires cell service or internet connection. Works on Android™ 9 and above on select devices (devices or phones) and in certain countries for age-applicable users.
