EUT View 2

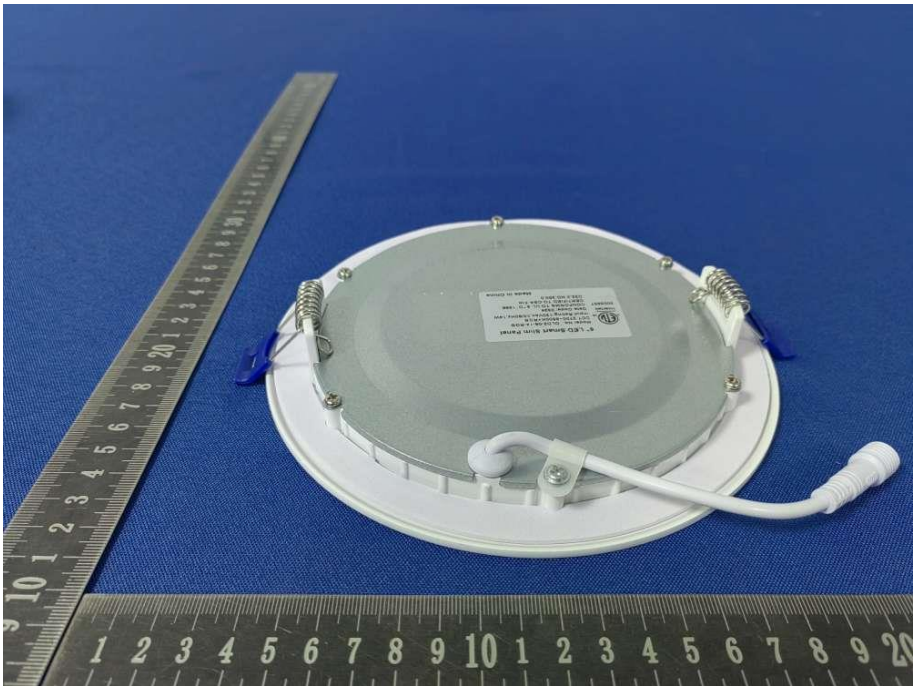

A circular, white, recessed ceiling light fixture is shown against a blue background. The fixture has a wide, flat outer ring and a smaller, recessed inner circle. A blue mounting bracket is attached to the side of the outer ring. A white cable with a connector is attached to the top of the fixture. A ruler is placed horizontally below the fixture, showing measurements in inches and centimeters. The ruler indicates the fixture is approximately 10 inches in diameter.
