Declaration Letter

FCC ID: 2BO3LTFVWAIBG1FF

This device is integrated with the certified module.(FCC ID: 2AX2URN932V)
The antenna is designed for the host when the module is integrated into the final product.
Transmitter module itself has not changed. LTE Band 48 and 5GNR n48 will be disabled by software.
The original module test report accurately represents antenna-port conducted test results under the host application.
The Output power was verified to the same as the certified module. Please refer to module report for antenna-port conducted test items. For radiated test item, new test results were reported.

Sincerely,

A handwritten signature in black ink, appearing to read 'Yongdeok Kwon', written over a faint, light blue circular stamp.
