Class II Permissive Change Request Letter

FCC ID: 2BO3LTFVWAIBG1FP

To Whom It May Concern:

-The purpose of this Class II Permissive Change application is to change the device exposure condition from mobile to portable. Following the original certification, a Class I Permissive Change was implemented to replace the external antenna. This Class II Permissive Change application is based on the current device configuration, including the replaced antenna.
-The tune-up power tolerance has been adjusted to a more conservative range. Please refer to the tune-up procedure document. No hardware modifications or transmitter power changes have been made for this application.

Sincerely,

A handwritten signature in black ink, appearing to read 'Yongdeok Kwon'.
