| <p><b>EUT View 1</b></p> |  A photograph showing the front view of a white, rectangular electronic device. The device has a perforated metal grille covering its front face. A small red square logo with the word "Fender" in white script is located on the lower right side of the grille. The device is positioned next to a black ruler with white markings, which is placed vertically to its left and horizontally below it. The background is a solid blue surface. |
| <p><b>EUT View 2</b></p> |  A photograph showing the back view of the same white electronic device. The back of the device is plain white with a small, light-colored, curved tab or latch at the top. It is positioned next to a black ruler with white markings, which is placed vertically to its left and horizontally below it. The background is a solid blue surface.                                                                                               |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

| <p>EUT View 3</p> |  A photograph showing the front view of a white, rectangular electronic device. The device features a control panel with several buttons and a large circular speaker grille. The buttons are labeled: 'CH 01', 'CH 02', 'LINE OUT', 'SINGLE', 'STEREO', 'MULTI', 'MODE', '48V', 'PAD', and 'XLR - 1/4"'. A USB-C port is located at the bottom center. The device is placed on a blue surface next to a black ruler with white markings, which is used for scale. |
| <p>EUT View 4</p> |  A photograph showing the side view of the same white electronic device. The device has a carrying handle on top. It is placed on a blue surface next to a black ruler with white markings, which is used for scale.                                                                                                                                                                                                                                              |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                              |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>EUT View 7</p> |  A white, rectangular electronic device with a silver-colored top edge. The front panel features a control area with several buttons and a large circular speaker grille. The buttons are labeled: a Bluetooth symbol, 'CH 01', 'CH 02', 'LINE OUT', 'SINGLE', 'STEREO', 'MULTI', 'MODE', '48V', 'PAD', and 'XLR - 1/4\"/> |
| <p>EUT View 8</p> |  A black USB-C to USB-A cable is shown coiled on a blue background. A black L-shaped ruler is placed next to the cable for scale. The ruler has markings in centimeters and inches. The cable is approximately 100 cm long.                                                                                               |
