

PETA

User manual

BEFORE USE

1

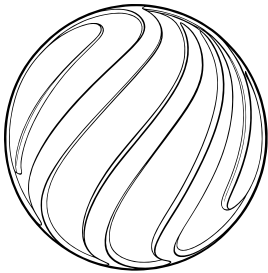

Thank you for purchasing the Peta Ball. For your safety and best experience, please read this manual and all accompanying materials before use. If any personal injury, property damage, or other losses occur due to improper operation, the company shall not be held responsible.

CAUTIONS

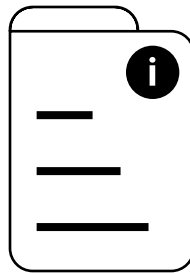

1. Inspect the product for damage before use. Stop using it immediately if any damage is found to prevent harm to your pet.
2. Supervision is required during playtime to prevent your pet from swallowing the product.

IN THE BOX

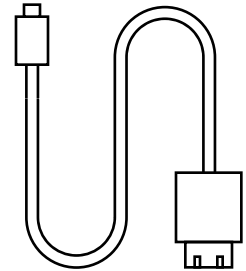

2

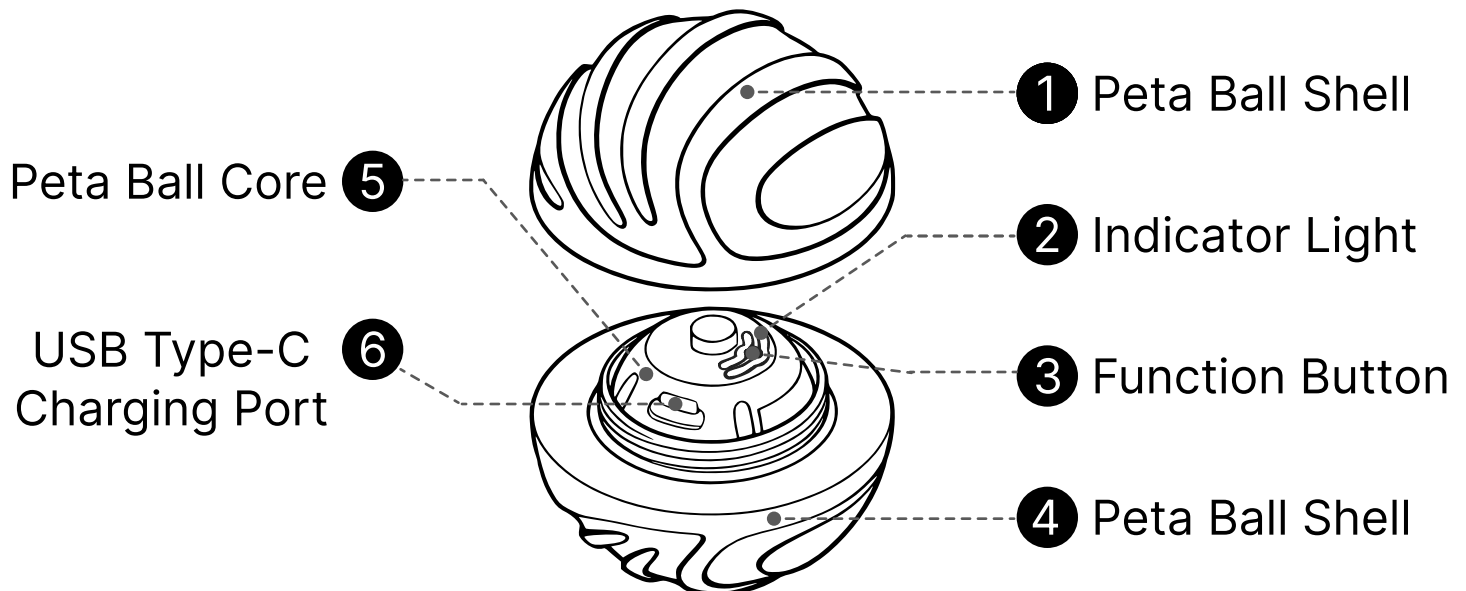

Peta Ball

User Manual

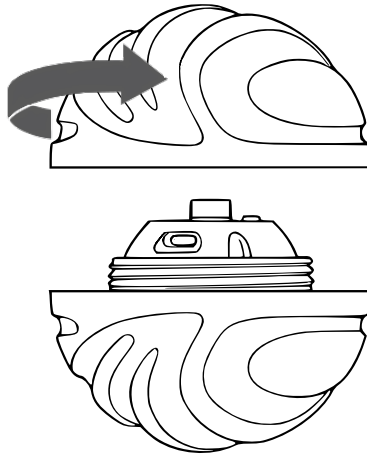

**USB Type-C
Charging Cable**

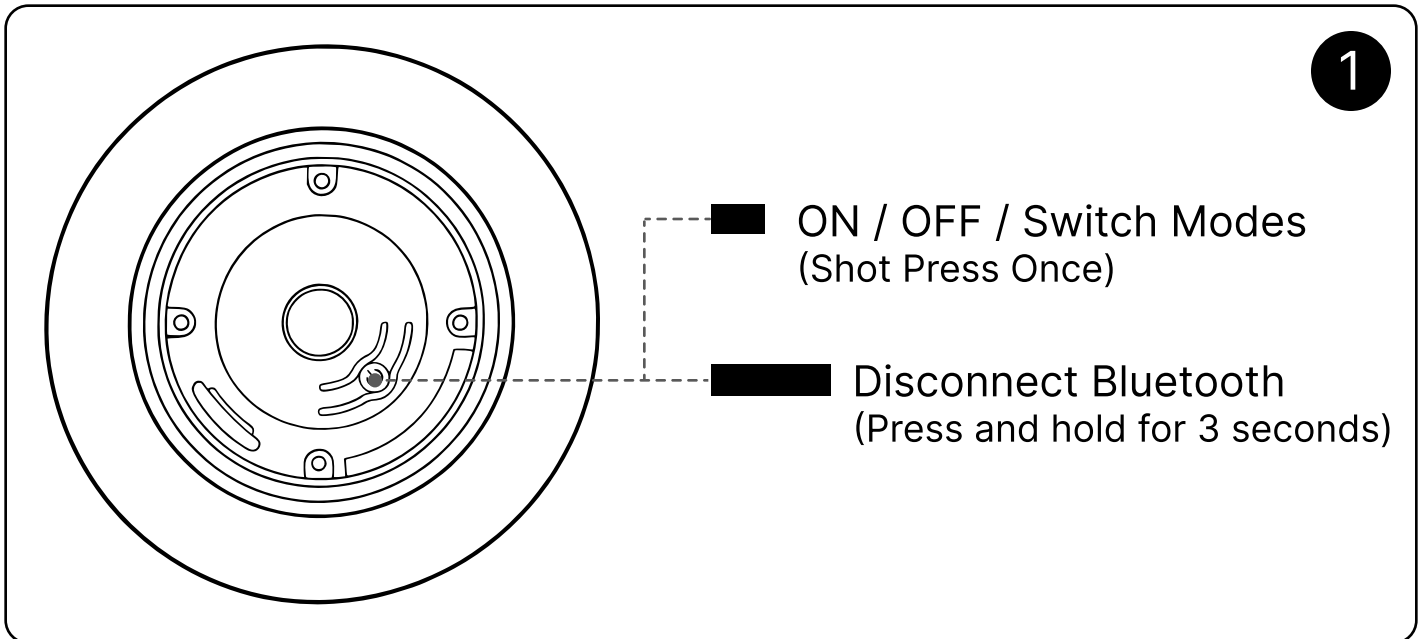

HOW TO USE

3

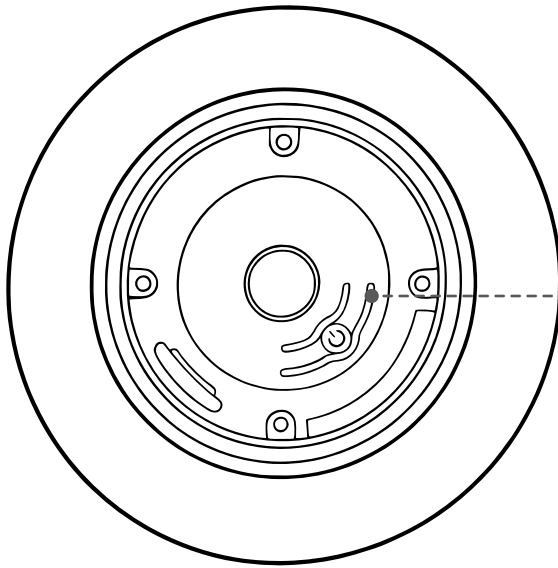

1. Rotate counterclockwise to open the outer shell.

2. Power on and select an interactive mode.

2

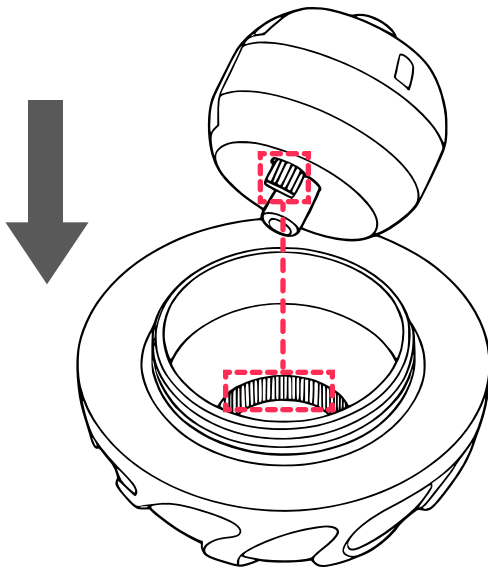

- Powered on with no active programs
- Cyan: Disconnecting Bluetooth
(During Bluetooth disconnection, the indicator light stays solid;
Once disconnected, it begins to blink)
- Yellow: Active Mode
(Jump or Stop)
- Purple: Soft Mode
(Jump or Stop or Move)
- Blue: Rolling Mode
(Auto-scroll)

● Status of LED when selecting the interactive mode.

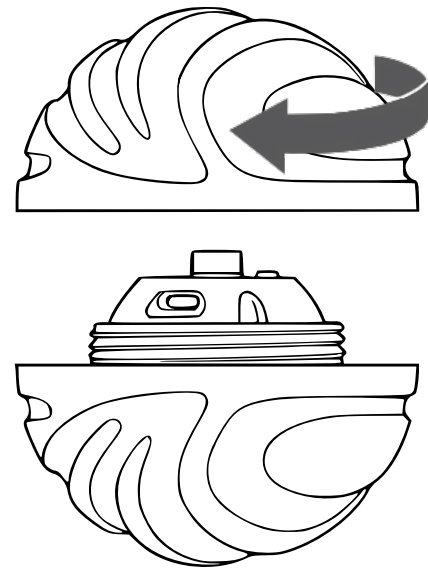

HOW TO USE

5

3. To put the core in, please put the core gear face together with the gear face of the shell.

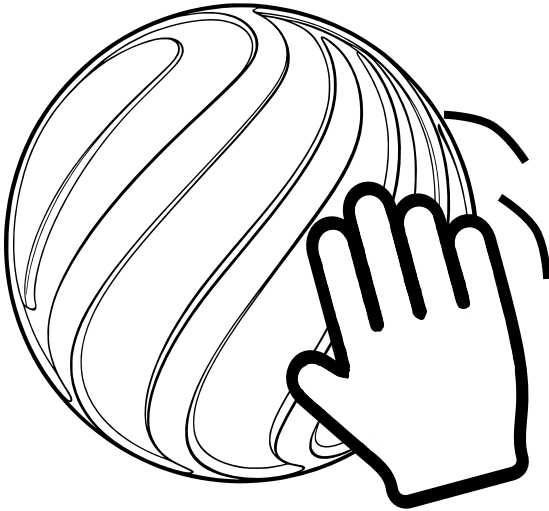

4. Rotate clockwise to close the outer shell.

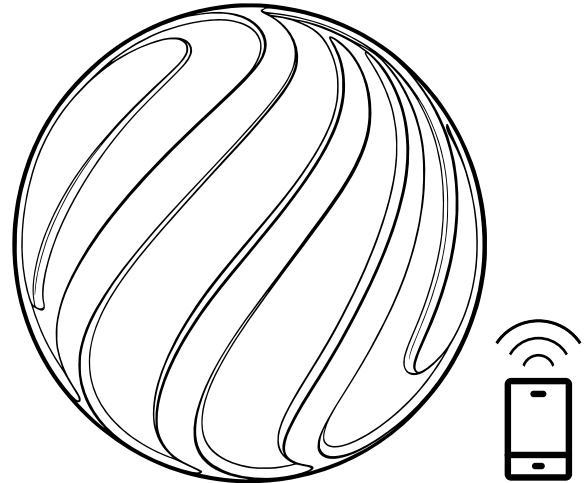

After selecting the mode, please close the outer shell within 5 minutes, Otherwise it will shut down automatically.

5. There are two ways to control and use the Peta Ball:

(1) Tap or shake it, and the Peta Ball will activate immediately.

(2) Control via Bluetooth connection with the Bluetooth APP

Peta Ball will enter a sleep period after 5 minutes of playtime. This is to avoid exhaustion and ensure moderate exercise for your pet. If the Peta Ball is touched again while it's sleeping, it will continue to play with your pet.

Bluetooth App Control

The easiest and most fun way to use Peta Ball is through the companion mobile app via Bluetooth.

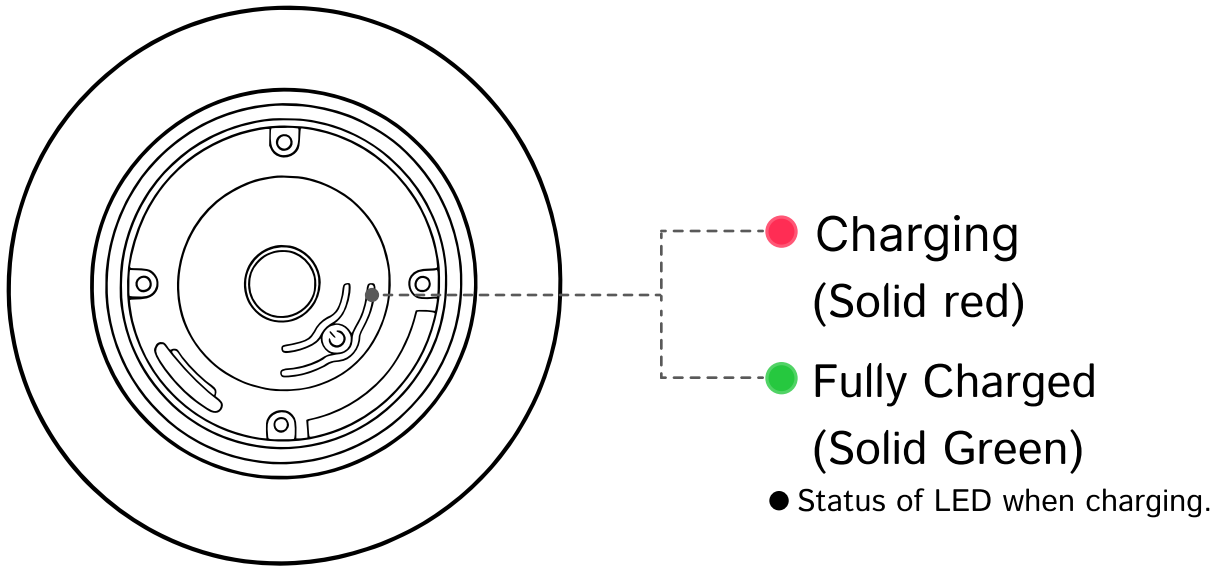

- **First-time setup:** If your account is connecting to this Peta Ball for the first time, you'll need to search for and add the device manually.
- **Quick reconnect:** Once paired, you can instantly reconnect to your Peta Ball from the "Devices" page in the app on future uses.
- **Smart standby:** Upon successful connection, Peta Ball enters standby mode, allowing you to:
 - (i) Switch between operating modes
 - (ii) Adjust vibration intensity
 - (iii) Start or stop movement remotely
 - (iv) Rename Peta Ball with a custom name of your choice
- **Seamless continuity:** When the Bluetooth connection is disconnected, Peta Ball automatically resumes operation using the last active mode and settings before disconnection.

Make sure Bluetooth is enabled on your device and that Peta Ball has sufficient battery for optimal performance.

HOW TO CHARGE

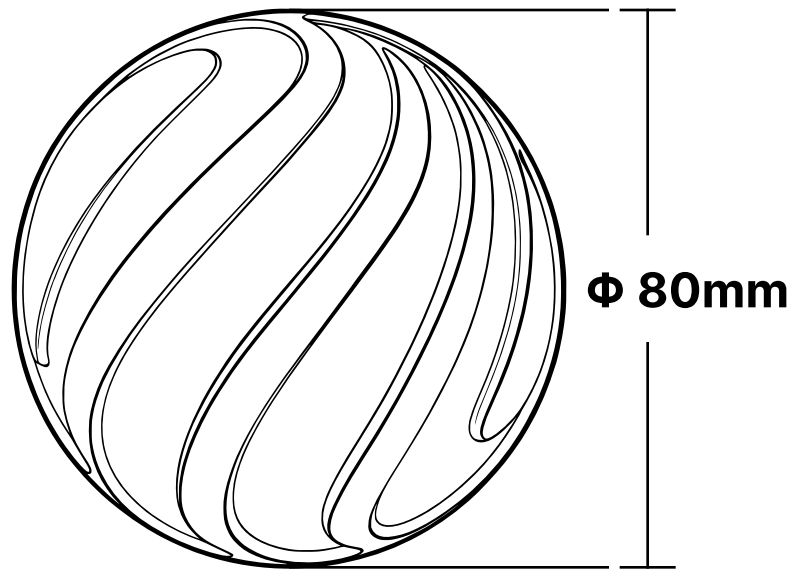

8

⚠ Before charging, please clean any debris from the charging port and ensure it is completely dry.

When the Peta Ball exhibits any of the following conditions, it indicates a low battery and requires charging:

1. After powering on, the device shuts down automatically;
2. The function button does not respond to press;
3. The device cannot be detected by the mobile app;
4. After connecting to the mobile app, the battery level displays as 10% or lower.

Model:	PETABALL001
