Welcome to str8bat

A bat doesn't just hit a ball. If you listen, it tells you stories.
Of talent, technique and temperament.
Of hand, eye and feet. Of big heart and bigger dreams.
str8bat sits on your bat and listens to all it has to say. With
the str8bat smart sticker stuck on the back of your bat, and
it's App installed on your phone, record, analyse and
enhance every aspect of your batting.

This device complies with Industry Canada's license-exempt
RSS standards.

Operation is subject to the following two conditions:

- ① This device may not cause interference.
- ② This device must accept any interference, including interference that may cause undesired operation of the device.

Déclarations de conformité

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.
L'exploitation est autorisée aux deux conditions suivantes :
① L'appareil ne doit pas produire de brouillage.
② L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Canada for an Uncontrolled environment

Uncontrolled Environment Statement)
This equipment complies with ISED Canada radiation exposure limits set forth for an uncontrolled environment.
This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body.

Déclaration pour environnement non contrôlé

Cet équipement est conforme aux limites d'exposition aux rayonnements établies par ISED Canada pour un environnement non contrôlé.
Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

Information to the User

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment OFF and ON, the user is encour- aged, to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help

Any change or modification not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
