USER MANUAL

To insure best use of the unit, please read the user's manual Carefully

CAUTION:

Do not expose this product to direct sunlight, heat or humid conditions. Keep away from strong light while using this product so as to obtain the clearest and the most colorful picture. Please use sun shade for the outdoor necessary.

Please avoid heavy impact or drop on the ground.

Do not use chemical solutions to clean this unit. Please simply wipe with a clean soft cloth to keep the brightness of the surface.

Without adjustable component in the unit, please do not take apart or repair the unit by yourself, to avoid damage the product.

FCC CAUTION:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception,

which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction.

Product Parameter:

- Screen Size: 4.02 inch
- Screen Resolution: 1366*640 pixels
- Screen viewing Angle: Full Angle
- Support system: Android and iOS
- Screen Brightness: Level 4 adjustable / 300cd/m²(max)
- Power input: Type-C 5V 1A
- Battery Type & Capacity: li-ion 3.7V 1500mAh
- Power Consumption:
- Wireless network: WiFi 2.4G & 5G
- Work Temperature: -10~+40℃
- Storage Temperature: -30~+40℃
- Product Size: 104.5*60*11mm
- Product Weight: 93 g

Appearance:

- ① 4.02 inch LCD screen
- ① Power On/Off switch
- ② Type-C Power Input port
- ③ Screen Scaling/Rotate button change
- ④ Screen brightness
- ⑤ Camera button
- ⑥ Strong Magnetic Adsorption
- ⑦ Speaker
- ⑧ Charging indicator

Button Instructions:

Screen brightness: Press this button to adjust brightness Level 1~Level 4.
