Bluetooth wireless neck fan

Product Parameters

Product name:	Bluetooth wireless neck fan
Product model:	FQ168
Input and output:	5V/1A max
Rated power:	3.5W
Wind speed gear:	5 speed speed regulation
Cell:	lithium ion battery
Battery voltage:	9 V
Product size:	200*200*60mm
Product weight:	255g-300g
Charging time:	3-5 hours
Product material:	ABS environmental protection/PC/LED display
Product color:	White Purple Pink Blue

Product Structure

Wrong wearing

Wear correctly

The decorative hole faces upwards Correct wearing direction

17	音量-调节	单点"音量-"可开机实现音量-控制		无	
18	上一曲	长按音量加键（-键）1.5秒		无	
19	低电量提醒	电池电压低于3.3V时，每隔30秒提示一次低电	Xx	battery Low	
20	充电中	5V/1A以上充电器，开机充电时 耳机会自动关机		无	
21	环境电	耳机充满电，电压达到4.1V以上时		无	
22	来电	电话打来时，耳机播放铃声			
23	充电	充电红灯常亮/数据线为5V电流灯常亮/数据显示100十秒关			
24	耳机切换	长按开机键			

FCC Warning Statement: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- **Reorient or relocate the receiving antenna.**
- **Increase the separation between the equipment and receiver.**
- **Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.**
- **Consult the dealer or an experienced radio/TV technician for help.**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
