

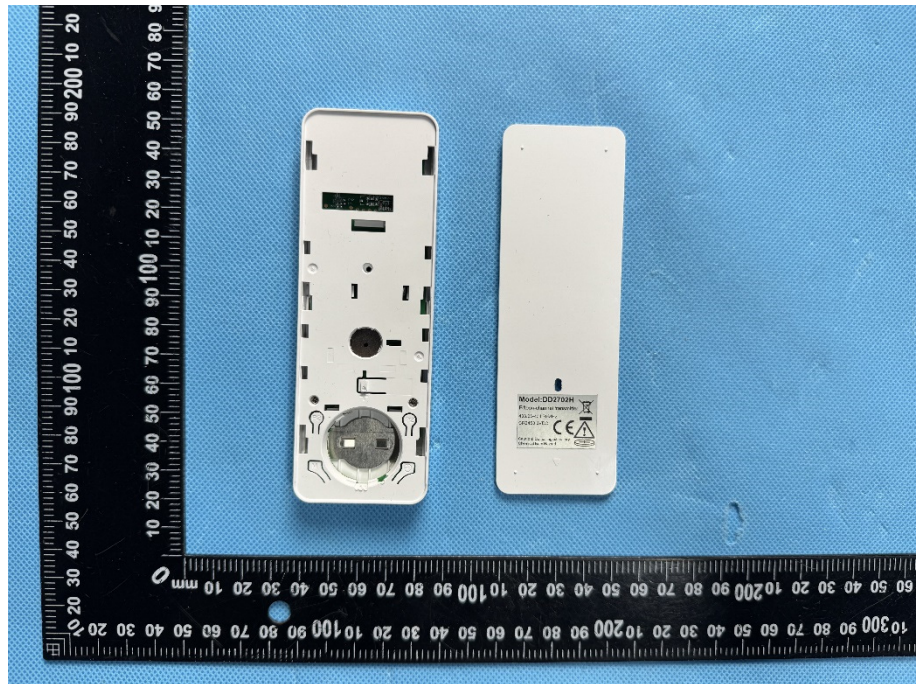

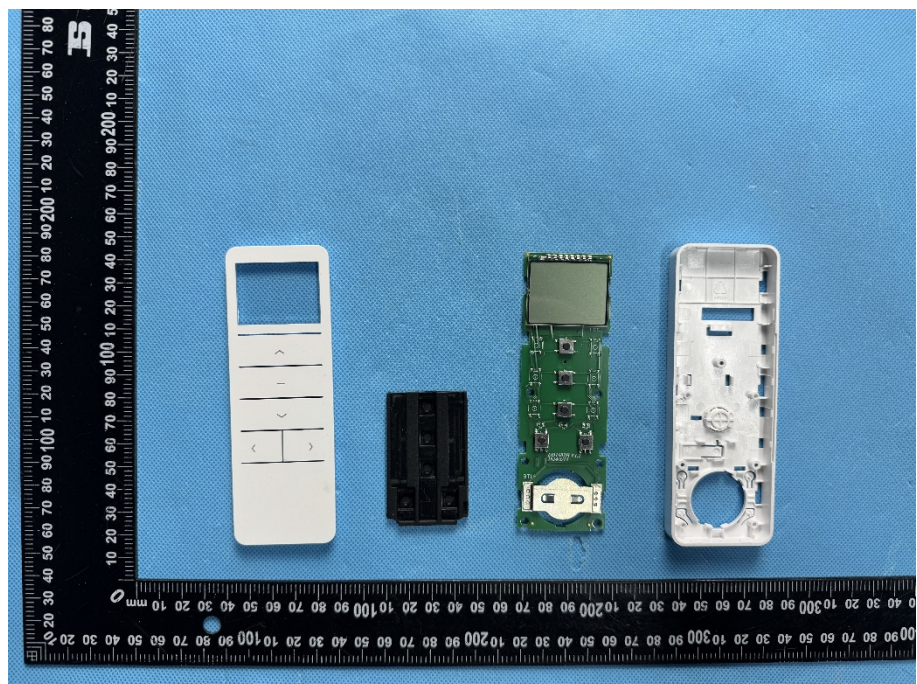

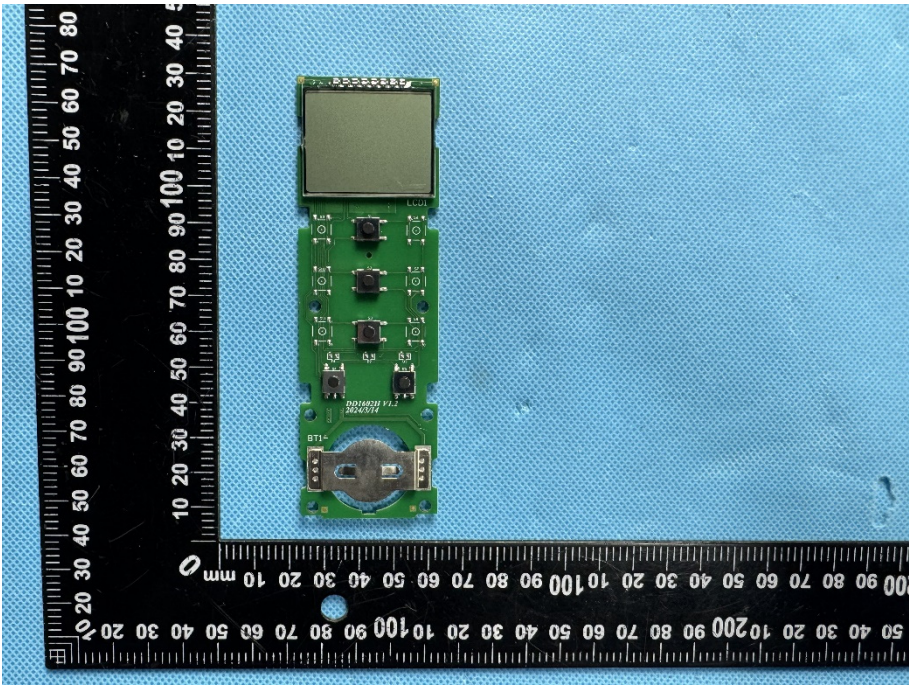

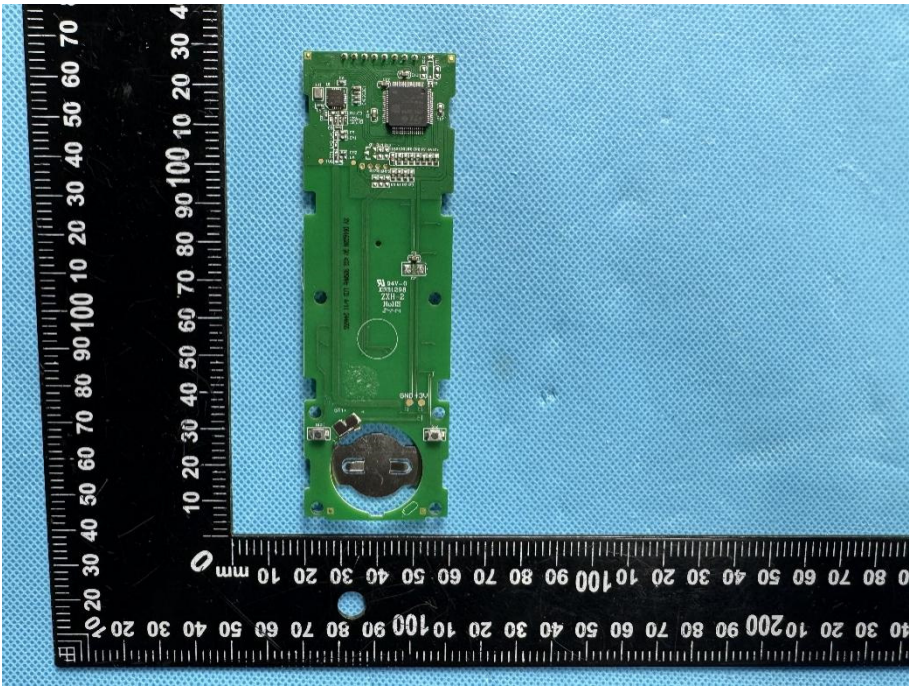

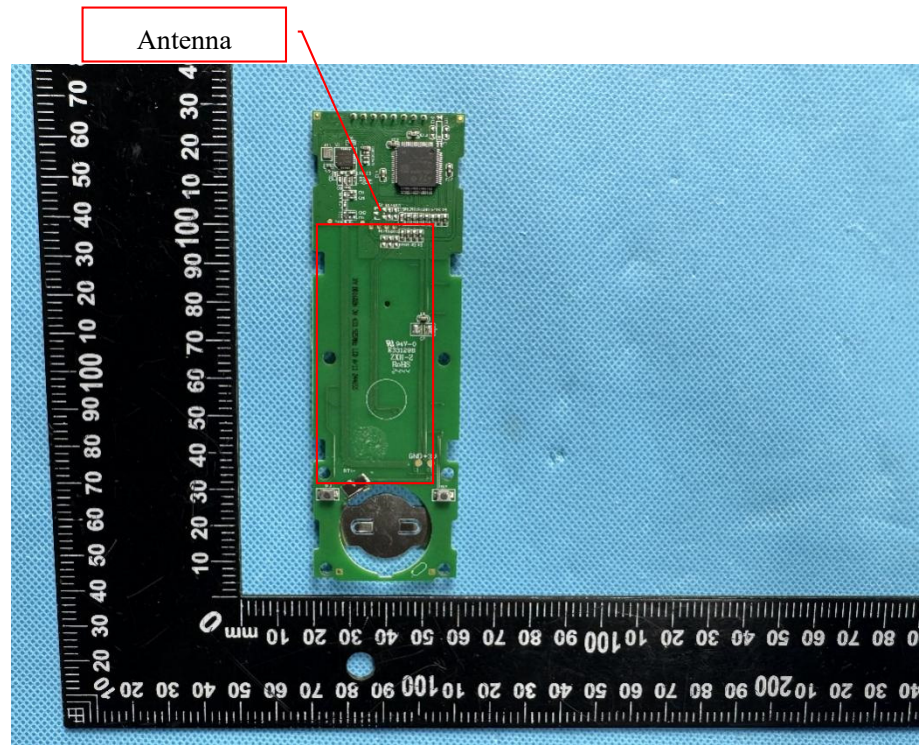

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and
Board View 1****EUT Housing and
Board View 2**

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'View 1'. The component is rectangular and features a large, dark, square component (likely a display or sensor) at the top. Below this, there are several smaller components, including what appear to be capacitors and resistors. The board is positioned next to a black ruler with white markings, which shows measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom. The component is placed on a blue textured surface.
Solder Board-Component View 2	 A photograph of the same green printed circuit board (PCB) component, labeled 'View 2'. This view shows the reverse side of the component. It features a large, dark, circular component (likely a battery or a large capacitor) at the bottom. Above this, there are several smaller components, including what appear to be capacitors and resistors. The board is positioned next to a black ruler with white markings, which shows measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom. The component is placed on a blue textured surface.
