Figure 1 shows a sample of a user manual for a DREO Smart Box Fan 532S. The manual is presented in a folded state, with dimensions 160mm and 130mm indicated. The left page displays the product name, model number (DREO532S), and a QR code linking to the full user manual. The right page lists key features: faster response, excellent customer support, hassle-free returns, professional product guidance, and exceptional after-sales experience. It also includes contact information for support@dreo.com and www.dreocom.com, along with a toll-free number (888) 290-1688.

The bottom section of the manual details the control panel, LED display, and working modes. The control panel includes a power button, mode selector, settings adjustment, vertical oscillation, and airflow switch. The LED display shows fan speed, mode, and temperature. The working modes section describes Normal Mode, Turbo Mode, Natural Mode, Custom Mode, and Sleep Mode.

The right page of the manual contains important safety instructions, including warnings about electrical safety, fire, and injury. It also includes cleaning safety instructions, battery replacement instructions, and a warning about choking hazards. The bottom section of the right page provides information for household use only, including a 12-month limited warranty and contact information for DREO customer care.

Figure 2 shows a sample of a user manual for a DREO Smart Box Fan 532S. The manual is presented in a folded state, with dimensions 160mm and 130mm indicated.
