DO NOT back or cover the front when in operation DO NOT touch or hold the plug or power cord with wet hands. DO NOT let children or pets play with this appliance. General Safety Children should be supervised to ensure that they do not play with the appliance. Cleaning and maintenance shall not be performed by children without supervision. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Use the appliance as described in the user manual only. Any other use not recommended in the user manual may cause fire, electrical shock, or personal injury. Do not use the water in the tank to refill the appliance or to drink it up. DO NOT permit the area around the humidifier to become damp or wet. If dampness occurs, turn the output of the humidifier down. If the humidifier output volume cannot be turned down, use the humidifier immediately. Do not allow absorbent materials, such as carpeting, curtains, drapes, or telecloths, to become damp. DO NOT immerse in water or any other liquids. DO NOT use the appliance until the base is installed. DO NOT insert your fingers, pencil and any other objects into the grilles or openings while in operation. Warning: Micro-organisms that may be present in the water or in the environment where the appliance is used or stored, can grow in the water reservoir and be blown in the air causing very serious health risks when the water is not renewed and the tank is not cleaned properly every 3 days. Be aware that high humidity levels may encourage the growth of biological organisms in the environment. Unplug the appliance during filling and cleaning. Empty and clean the humidifier before storage. Clean the humidifier before next use. Empty the tank and refill every 3-5 days. Before refilling, clean it with fresh tap water or cleaning agents. Remove any scale, deposits, or film that has formed on the sides of the tank or on interior surfaces, and wipe all surfaces dry. The product shall be filled with clean water to prevent the water pump from being blocked. Electricity Safety 1. Make sure that the voltage of your electricity supply is the same as that indicated on the appliance. 2. Always unplug before cleaning or leaving the appliance unused for a long period of time. Keep your hands dry when plugging/unplugging. Do not operate the appliance with a damaged cord or plug. Discard the appliance or return to an authorized service facility for examination and/or repair. 3. Do not use the cord for anything other than carrying. Do not cover the cord with throw rugs, runners, or similar coverings. Do not route the cord under furniture or appliances. Arrange the cord away from traffic areas and where it will not be tripped over. 4. Do not use the cord to hang anything. 5. WARNING: To reduce the risk of fire or electric shock, do not use the appliance with any solid-state speed control device. 6. WARNING: If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard. 7. The appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature. Cleaning Instructions 1. Always turn off and UNPLUG the appliance before any cleaning or maintenance. 2. Do not clean the main body under running water. 3. Do not let water splash into the air outlets. 4. Do not use any chemical agent when cleaning the appliance. 5. Store in a cool, dry place and cover it to protect it from dust. 6. Empty and clean the appliance before storage. Clean the appliance before next use. 7. Do not overfill the appliance due to the potential risk of electric shock. FCC Statement: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Please note that changes or modifications to this product not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Increase the separation between the equipment and receiver. - Reorient or relocate the receiving antenna. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help.
