

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) with various electronic components, including integrated circuits, resistors, and capacitors. The board is positioned on a blue surface. A metal ruler is placed horizontally below the board, showing measurements in millimeters. The board's width is approximately 100 mm, and its height is approximately 100 mm. Two black plastic components are visible at the top of the board.
Solder Board-Component View 5	 A photograph of the same green PCB from a different angle, showing the bottom side. The board is populated with various components, including a large integrated circuit, resistors, and capacitors. A metal ruler is placed horizontally below the board, showing measurements in millimeters. The board's width is approximately 100 mm, and its height is approximately 100 mm. Two black plastic components are visible at the bottom of the board.
