Installation steps

- 1.Take off the lock ring and put the outlet into the 4 inches hole
- 2.Tighten up the lock ring between desk outlet and countertop

Specifications

Rated Voltage: 125V

Rated Current: 12A

Maximum Power: 1500W

Frequency: 60 Hz

USB-C:5V/3A,9V/2.22A,12V/1.67A,Max:20W

USB-A:5V/3A,9V/2A,12V/1.5A,Max 18W

Wireless Charger: 5W/7.5W/10W/15W

USB-A+USB-C:5V/3.1A Max 15.5W

USB+Wireless Charge:10W+10W

Power Cord:5 ft

Color:Black/Grey/White

FCC ID: 2BPG7-MGFM411E

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception,

which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum 20cm distance between the radiator and your body: Use only the supplied antenna.

Warranty Policy

"This product comes with a 12-month limited warranty calculated from the Amazon order delivery date. Coverage includes defects in materials or workmanship affecting performance (excludes human damage, misuse, or unauthorized modifications)."

Post-Purchase Support

►Amazon Priority Service:

"For issues detected within 30 days of receipt, initiate returns/exchanges via Amazon: *Your Orders → Return or Replace Items → Select issue type.*

►Post-Return Window Assistance:

"For support after Amazon's return period closes, contact our Brand Service Center : On the right side of the order details, click the "Ask a question" or "Contact Seller" button (exact wording may vary).

Safety Precautions

1. Prohibited Usage

"Do not daisy-chain multiple power strips. Avoid connecting high-wattage appliances (e.g., space heaters, air conditioners, or microwave ovens)."

2. Operating Environment

"Designed for indoor dry environments only. Keep away from water sources, heat-generating objects, and flammable materials."

3. Power Management

"Unplug the device during prolonged non-use. Disconnect from power sources immediately in thunderstorms to prevent electrical surges."

4. Grounding Requirement

"Three-prong grounded plugs must be connected to properly grounded outlets (identified by a round grounding port)."

5. Hazard Identification

"Immediately cease use and disconnect power if any of the following are observed:

- Scorch marks on plugs/outlets
- Abnormal heat generation
- Visible sparks or arcing
