

Front view

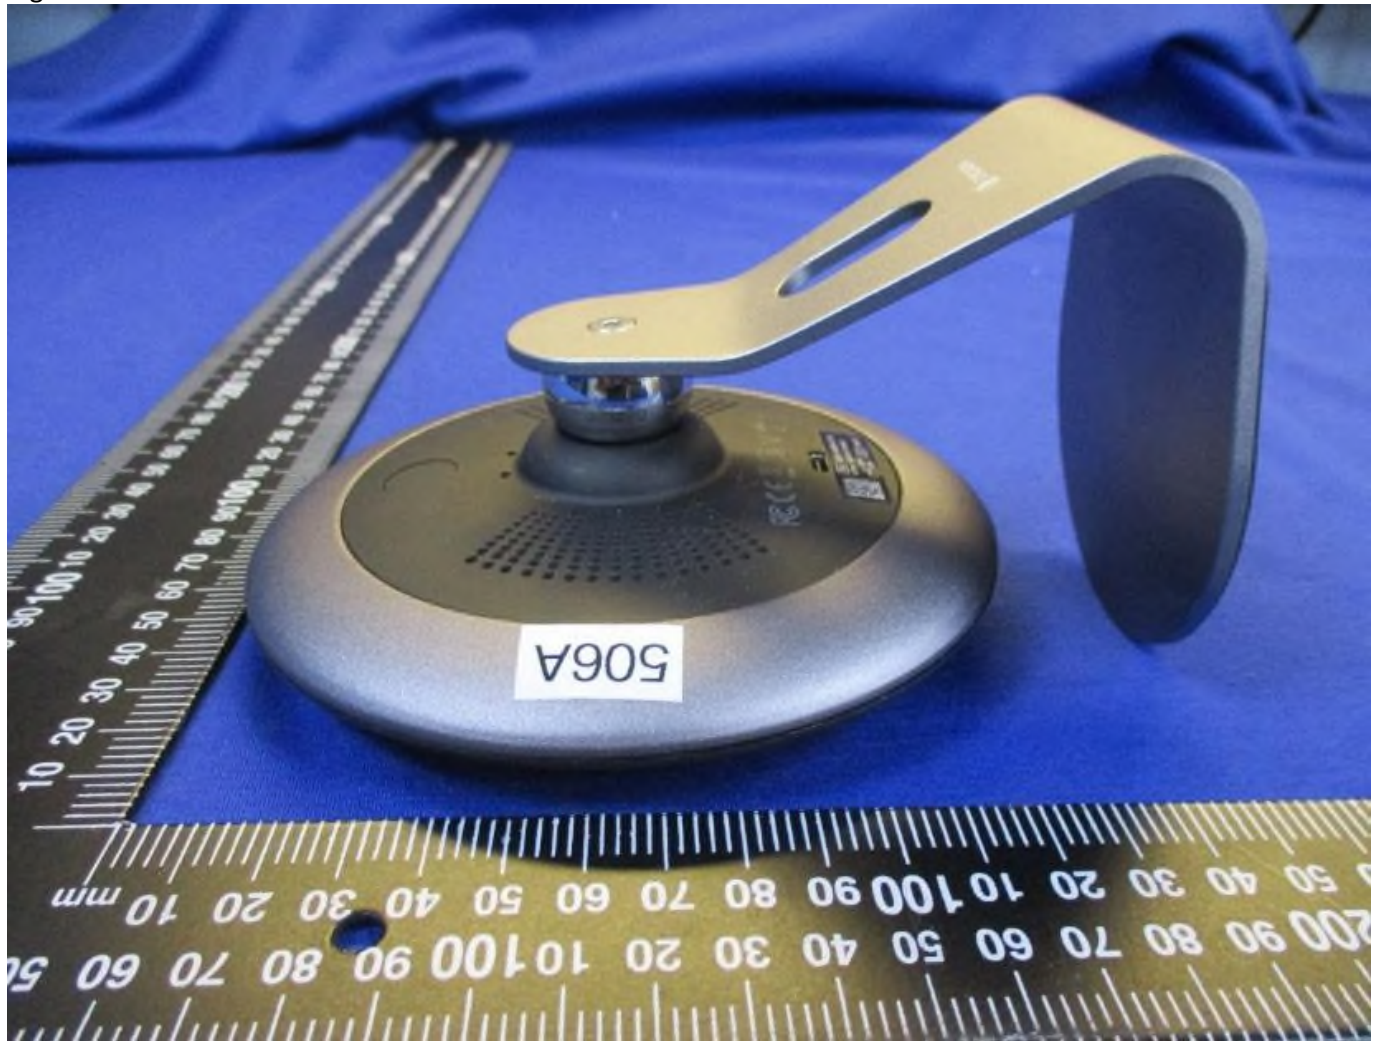

A photograph of a dental arch model, likely a maxillary or mandibular arch, made of a gold-colored material. The model is positioned on a blue base. A central slot is visible, and a small circular feature is located near the center. A ruler is placed horizontally below the model for scale, showing measurements in centimeters. The model is labeled with a small white tag that reads "506A".

A photograph showing the left side view of the device. The device is placed on a blue fabric surface. A black ruler with white markings is positioned vertically to the left of the device, and a yellow ruler with black markings is positioned horizontally in front of it. The device's base is a silver-colored oval with a black circular area in the center containing a grid of small holes. A silver-colored arm is attached to the base via a central pivot. The arm has a curved end and a small rectangular cutout. A small black label with white text is visible on the base near the pivot. The text on the base includes 'Cytoscape Technologies, Inc.', 'Santa Ana, CA 92705 USA', and '© 2019'.
