Attn: Director of Certification

Date: June 19, 2026

Declaration of User Manual Status (Draft Submission)

FCC ID: 2BPMM-OSTXXXMHCW

ISED Certification Number: 34000-OSTXXXMHCW

Product Name / Model: OSTV424HW, OSTV424MHW, OSTV424MHCW

To Whom It May Concern,

This letter is to confirm that the User Manual submitted as part of the certification application for the above-referenced product is currently provided in **draft form**.

The Applicant hereby declares the following:

1. The submitted draft User Manual already includes **all required regulatory information**, including but not limited to:
 - FCC compliance statements (e.g., 47 CFR Part 15 requirements)
 - ISED compliance statements (RSS-Gen and applicable standards)
 - Applicable RF exposure information (MPE and/or SAR statements, as required)
 - Operational and installation instructions relevant to compliance
2. The draft User Manual is considered **substantially complete from a regulatory and compliance perspective**, and no changes affecting compliance statements, RF exposure conditions, or operating restrictions are expected.
3. A final version of the User Manual will be provided with the product at the time of marketing and distribution.
4. The Applicant confirms that any future revisions to the User Manual will **not affect the compliance of the device** with FCC and ISED rules.

This declaration is provided to support the certification process and to confirm that the submitted documentation meets the intent of the applicable FCC and ISED requirements.

The Applicant acknowledges that if any changes impacting regulatory, RF exposure, or operational compliance statements are made prior to product release, the revised User Manual will be provided for review and, if required, an appropriate filing (e.g., permissive change) will be pursued.

Sincerely,
