ATTN.: Reviewing Engineer

FCC ID: 2BPSN-L2538

We, LYSORA TECHNOLOGY INC., attest that this device under FCC ID: 2BPSN-L2538 complies with device protocol requirements and operational restrictions: for indoor access point 6ID.

Indoor Access Point (6ID):

1. Device Protocol Attestation Statement:

- a. Contention-Based Protocol is permanently embedded in the module and is not host-dependent.
- b. The specified Master use fixed power (FCC certified power). AP / End user cannot control RFpower for this Master.

2. Statement acknowledging device restrictions:

- a. Low-power indoor Access Point. An Access Point operating in the 5.925-7.125 GHz band shall be supplied power from a wired connection, have an integrated antenna, not be battery-powered, and not have a weatherized enclosure.
- b. This device's operation will not be allowed on oil platforms, cars, trains, boats, and aircraft, except that operation of this device is permitted in large aircraft while flying above 10,000 feet only in the 5.925-6.425 GHz band.
- c. Control of or communications with unmanned aircraft systems is prohibited, including drones.

Sincerely,
