Smart Bracelet

USER MANUAL

Component Description (EN)

1. Turn on the smart bracelet by pressing the power button.

2. Connect the smart bracelet to the charging dock by plugging the magnetic cable into the charging dock.

3. Connect the smart bracelet to the smartphone by scanning the QR code.

Power on

Connect the smart bracelet to the charging dock by plugging the magnetic cable into the charging dock.

Connect APP

1. Scan the QR code with the smartphone camera.

2. Follow the instructions on the smartphone screen to complete the connection.

Light status

When the smart bracelet is in the charging dock, the light will be on.

When the smart bracelet is not in the charging dock, the light will be off.

Wearing method

Put the bracelet on your wrist and adjust the tightness properly. A snug fit will allow for better data monitoring.

CE FCC

Notes: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures: reorient the equipment, change the location of the equipment, change the location of the receiver, or use a different power outlet. The user should be advised that any changes to these measures may cause interference to other electronic equipment. This manual complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

德语

Das Komponentenmodell (DE)

1. Öffnen Sie die Software und folgen Sie den Anweisungen.

2. Schließen Sie das intelligente Armband an das Ladegerät an.

3. Verbinden Sie das intelligente Armband mit dem Smartphone über den QR-Code.

Al. aufladen

Das intelligente Armband befindet sich an einer Ladestation, um das Armband mit Strom zu versorgen.

Die APP verbinden

1. Scannen Sie den QR-Code mit der Smartphone-Kamera.

2. Folgen Sie den Anweisungen auf dem Smartphone-Bildschirm, um die Verbindung zu beenden.

Licht an

Wenn das intelligente Armband in der Ladestation ist, wird das Licht eingeschaltet.

Wenn das intelligente Armband nicht in der Ladestation ist, wird das Licht ausgeschaltet.

Tragen

Legen Sie das Armband an Ihren Handgelenk und stellen Sie es sicher, dass man das Armband leicht ablegen kann.

CE FCC

Notes: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures: reorient the equipment, change the location of the equipment, change the location of the receiver, or use a different power outlet. The user should be advised that any changes to these measures may cause interference to other electronic equipment. This manual complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Komponento aprašymas (LT)

1. Atidarykite programą ir sekiu instrukcijas.

2. Prisijunkite prie įkrovimo.

3. Prisijunkite prie telefono per QR kodą.

Įjungti

Kai įkrovimo įkrovimo, šviesa bus įjungta.

Kai įkrovimo įkrovimo, šviesa bus išjungta.

Prisijunkite prie APP

1. Nuskaitykite QR kodą su telefono kamera.

2. Sekite instrukcijas ekrane, kad būtų pabaigta nustatymų.

Valdymas

Priekšinteli įkrovimo ir reguliuoti spaudimą.

Descrierea componentei (RO)

1. Deschideți software-ul și urmați instrucțiunile.

2. Conectați brățara inteligentă la încărcător.

3. Conectați brățara inteligentă la telefon prin intermediul codului QR.

Pornit

Când brățara inteligentă este conectată la încărcător, lumina va fi aprinsă.

Când brățara inteligentă nu este conectată la încărcător, lumina va fi stinsă.

Conectați-vă la aplicație

1. Scanați codul QR cu camera telefonului.

2. Urmăriți instrucțiunile pe ecranul telefonului pentru a completa conectarea.

Cum să purtați

Încadrați brățara inteligentă pe încheietură și ajustați tensiunea.

Popis komponenty (SK)

1. Otvorite softver a postupujte podľa pokynov.

2. Pripojte náramkové hodinky k nabíječce.

3. Pripojte náramkové hodinky k telefonu pomocou QR kódu.

Zapnutie napájania

Kým náramkové hodinky sú v nabíječke, svetlo bude zapnuté.

Kým náramkové hodinky nie sú v nabíječke, svetlo bude vypnuté.

Pripojte sa k aplikácii

1. Naskenujte QR kód pomocou kamery vášho telefónu.

2. Postupujte podľa pokynov na obrazovke vášho telefónu, aby ste dokončili pripojenie.

Ako nosiť

Nasaďte náramkové hodinky na zápästie a nastavte napätie.
